REPORT OF ACCOUNTS FOR APRIL 1909.

BILLS OF E. D. HOSPITAL.

Dated 23rd April 1909.

Three months' contribution towards the expenses of the above Hospital has now been paid in one month. This appears to be irregular. Payment is to be made on monthly bills.

4. Again the "Conservancy." A statement was shown to me certified by the Sanitary Inspector to the effect that it was a true copy of the one maintained in the office. When the office Register was sent for and examined, it was noticed that it did not tally with the statement above referred to and there is so much scribbling in the Register that it cannot be relied.

I. Read and passed the District Fund accounts of receipts and expenditure for the months of September, October and November 1908, audited by the Comptroller.

II. Read Government Proceedings No. 7998-8006—L. B. 284-08-2, dated 15th February 1909, requesting the Presidents of District Fund Boards to favor Government with their remarks and suggestions in the matter of instructions proposed to be issued on the method of preparing the District Fund demand, collection and balance statements to facilitate check and minimise correspondence.

Resolved that the instructions proposed to be issued on the method of preparing demand, collection and balance statements may be adopted.

III. Read Government Proceedings No. 8389-96—L. B. 216-08, dated 27th February 1909, calling for opinion in the matter of the procedure that is proposed to be laid down for drawing and disbursing the travelling allowances claimed by the *non-official* members.

Resolution.—The insertion of the proposed certificate on the bills to the effect that the amount of travelling allowances claimed was necessarily and *bona-fide* incurred in the public service may be adopted. As regards the preparation and payment of bills, the present practice of each member preparing his own bill and drawing money after it is audited by the Comptroller is simple and safe and the same may be continued. The preparation of a consolidated bill in respect of the

claims of the members of the Board might lead to abuses, such as drawing travelling allowance on behalf of absentees, etc. Moreover, if a member for whom travelling allowance was drawn in respect of a given meeting were to absent himself for the next, the money so drawn would remain undisturbed for a long time. If between the two meetings he ceased to be a member, there would, according to the proposed system, be no opportunity at all for his receiving his allowance, while the delay that would occur between drawing and disbursing the money would offer opportunities for misappropriation on the part of the clerks, entrusted with the custody of the money. The proposed system was in vogue here and was abandoned a few months ago as positively unsafe. In these circumstances the Board beg to state that they are not in favour of drawing and disbursing the travelling allowance to *non-official* members on consolidated bills and that it is better that each member draws his travelling allowance on his own bills.

IV. Read General and Revenue Secretary's docket No. 10786—L. B. 221-08-4, dated 30th April 1909, enquiring whether the District Board are agreeable to the proposal of postponing the execution of certain works included in the budget in preference to non-budgetted works noted in the statement sent with letter No. 677, dated 20th April 1909, and papers connected on the subject.

Resolved that the non-budgetted works noted in the statement referred to, be executed in preference to the budgetted works proposed to be postponed.

V. Read and recorded Government Proceedings No. 10837-49—L. B. 217-08-4, dated 1st May 1909, sanctioning the District Fund budget estimates of this district for 1909-10.

VI. Read and recorded Comptroller's docket No. 5661—42, dated 30th March 1909, stating that the allotment of Rs. 24,000 placed by the Revenue Commissioner for sinking drinking-water wells and for other works of public utility may be treated as contribution to District Funds and that the procedure prescribed in the case of District Funds for drawing funds from the Treasury and making payments may be adopted in regard to the expenditure connected with these works also.

VII. Read Tumkur Division Executive Engineer's dockets noted in margin forwarding for countersignature estimates for the undermentioned works:—

No. 58, dated 9th February 1909.
No. 89, dated 19th March 1909.
No. 130, dated 30th April 1909.

(1) Deepening the existing well and improving the mantapam attached to the travellers' bungalow at Maddagiri, Rs. 63; (2) repairing the travellers' bungalow at Ankasandra, Rs. 392; (3) sinking a drawing well in the compound of the travellers' bungalow at Mayasandra, Rs. 160.

Resolution.—Passed.

VIII. Read Tumkur Division Executive Engineer's docket No. 129, dated 27th April 1909, forwarding for countersignature an estimate for Rs. 474 for the special works of Banawar-Sira road.

Resolution.—Passed.

IX. Read Maddagiri Sub-Divisional Officer's yadi No. 873, dated 12th April 1909, proposing that a Hindu Vaidyasala may be opened at Hosakote village, Pavagada Taluk, at a monthly cost of Rs. 20 (Rs. 15 pay of the Vaidya; Rs. 5 contingencies for medicines).

Resolved that Government be addressed to accord sanction for opening the Vaidyasala with effect from the commencement of the next official year and that the amount of Rs. 240 required for the Vaidyasala be met by reappropriation out of the existing grants of the next year.

X. Read Gubbi Amildar's report No. 503, dated 3rd May 1909, submitting explanation of the District Board member, Mr. Sambhulinga Chetty, for absenting himself consecutively for more than three meetings of the Board.

Resolution.—The member states that he was seriously ill and had no timely notice of the meetings, and that, therefore, he absented himself from the meetings. His explanation may be accepted and Government addressed for condoning his absence.

XI. Resolved that the next meeting of the Board be held on 29th July 1909, at 3 P.M.

K. DORASWAMI IYER,
President.

FINANCIAL DEPARTMENT.

Circular No. 41, dated 27th May 1909.

To—The Heads of all Offices.

Sir—I am directed to invite your attention to the following subject and to request that its advantage and importance may be impressed on all members of your establishment.

Under Rule 23 of the State Life Insurance Rules, "if the insured is dead, the bonus shall be paid to the person or persons nominated during the life-time of such insured, approved by the Committee and registered in the office of their Secretary, and failing such nominees, to his legal heirs declared as such by a competent court of law and on the surrender of the Policy."

It has been noticed for some time that considerable delay occurs in claiming the bonus due on Policies held by deceased insured persons who have failed during their life-time to register their nominees, while in cases in which such nominees have been registered no such delay has been found to occur.

The cause for this delay appears to be the inconvenience, trouble and expense involved in securing an heirship certificate. *If the insured persons would therefore register their nominees during their life-time, all such inconvenience and expense would be avoided and the intended benefits of insurance would reach them as quickly as possible.* Nothing is lost by registering nominees but a very great advantage is secured; and the only reason why the privilege of registering nominees is not availed of to such an extent as might be expected, appears to be that the rule is not generally known.

The mode of registering a nominee is very simple and is laid down in Rule 23A, which is as follows:—

> "The nomination referred to in Rule 23 shall be in the form of an application addressed to the Secretary and shall be signed in the manner prescribed in Rule 17, the officer before whom it is signed forwarding it to the Secretary in a sealed cover for the orders of the Committee whose decision will be communicated to the applicant through the said officer."

This rule should therefore be made as widely known as possible and the insured persons advised in the interest of their heirs to register nominees in the manner therein laid down. Nominations once made are not absolute, and can be altered from time to time agreeably to the wish of the insured.

I have the honor to be,
Sir,
Your most obedient servant,
J. S. CHAKRAVARTI,
Secretary, Insurance Committee.

FINANCIAL DEPARTMENT.

Circular No. 8—P. W., dated 8th June 1909.

To—All Executive Engineers and Sanitary Engineer in Mysore.

SIR—As in a recent case of formation of a new division by separation from an old one, great inconvenience was caused in auditing the accounts of both divisions by the unnecessary transfer of outlay, etc., from the old to the new division, I have the honor to request that the following detailed instructions may, in future, be followed in all similar cases of separation and formation of divisions.

I. All cash (including imprests) required to be made over to the new division as well as all suspense balances, the adjustment of which must be taken up by the new division, will be transferred by entries as follows in the books of the old division, *viz* :—

Credit.	*By debit to*
In the Cash Book. Cash for cash balances including imprests ... *In the Adjustment Book.* Stock for stock balance ... ... *Miscellaneous Advances.* For balance at debit transferable to new division for recovery or adjustment.	Transfers, P. W. D., Divisional new division.

Debit.	*By credit to*
Deposits, Stock Purchases and Sales. For balances at credits of these accounts transferable to new division for payment or adjustment.	Transfers, P. W. D., Divisional new division.

The items will then be brought in detail into the accounts of the new division by converse entries.

II. If necessary, any Treasury balances no longer required in the old division should be reported to this office in view to the Comptroller (Civil Branch) being requested to transfer such balances to credit of the new division; but ordinarily the separation being foreseen, application for credits should be regulated accordingly, and no transfer of credit should be necessary.

III. In the case of works in progress to be continued in the new division, if it is not practicable to make over the registers of such works maintained in the old division, the registers of the old division should be closed in respect of the works transferred by drawing a red ink line below the last recorded entries in the books of the old division, noting the fact that the entries have been transferred to the books of the new division. Registers should then be opened out for the new division, bringing forward the last recorded entries from the old registers. The preparation of the new register should be done in the old division before the separation. All work abstracts and vouchers relating to the works should be made over with the new books to the new division.

IV. The Executive Engineer of the old division should furnish the Executive Engineer of the new division with a statement of the unspent balances, if any, of the grant for works to be carried on in the new division; this statement should be sent on to the Chief Engineer in view to the grant being formally transferred to the new division, or to the surrender of all or of such portions as may not be required.

V. Lists in triplicate of all articles of tools and plant, stock, etc., to be made over to the new division should be prepared and handed to the Executive Engineer of the new division, who should sign them after examination and return one copy to the Executive Engineer of the old (or issuing) division, send one copy to this office and retain the third for himself.

VI. The articles referred to in para V should be shown as issues in the books of the old division and brought as receipts of the new division in the returns of the month in which the transfer takes place.

VII. All expenditure incurred on unfinished works, and all arrears due to or from contractors, piece-workers, labourers, work establishment, not being outstanding items on one or other of the accounts marked in para I, will then be brought on to the books and returns of the new division without any transfer entry in the accounts and cleared in ordinary course, as if they had originated in the division itself.

VIII. In the case of expenditure incurred in the new division on unfinished works of the old division, the entries to be made in the schedules of expenditure (P. W. Serial No. 128) in column 8 "Total charges of the year" will represent the expenditure incurred in the new division only, while the entries in column 10 "Total charges up to date" will represent the total outlay incurred on each work in both divisions.

IX. Establishment charges audited but remaining unpaid in the old division, at the time of separation, should, if eventually paid, be finally adjusted in the accounts of the new division.

I have the honor to be,
Sir,
Your most obedient servant,
J. S. CHAKRAVARTI,
Comptroller,
P. W. and Ry. Branch.

Circular No. 41, *dated* 27*th May* 1909.

To—The Heads of all Offices.

Sir—I am directed to invite your attention to the following subject and to request that its advantage and importance may be impressed on all members of your establishment.

Under Rule 23 of the State Life Insurance Rules, "if the insured is dead, the bonus shall be paid to the person or persons nominated during the life-time of such insured, approved by the Committee and registered in the office of their Secretary, and failing such nominees, to his legal heirs declared as such by a competent court of law and on the surrender of the Policy."

It has been noticed for some time that considerable delay occurs in claiming the bonus due on Policies held by deceased insured persons who have failed during their life-time to register their nominees, while in cases in which such nominees have been registered no such delay has been found to occur.

The cause for this delay appears to be the inconvenience, trouble and expense involved in securing an heirship certificate. *If the insured persons would therefore register their nominees during their life-time, all such inconvenience and expense would be avoided and the intended benefits of insurance would reach them as quickly as possible.* Nothing is lost by registering nominees but a very great advantage is secured; and the only reason why the privilege of registering nominees is not availed of to such an extent as might be expected, appears to be that the rule is not generally known.

The mode of registering a nominee is very simple and is laid down in Rule 23A, which is as follows :—

> "The nomination referred to in Rule 23 shall be in the form of an application addressed to the Secretary and shall be signed in the manner prescribed in Rule 17, the officer before whom it is signed forwarding it to the Secretary in a sealed cover for the orders of the Committee whose decision will be communicated to the applicant through the said officer."

This rule should therefore be made as widely known as possible and the insured persons advised in the interest of their heirs to register nominees in the manner therein laid down. Nominations once made are not absolute, and can be altered from time to time agreeably to the wish of the insured.

I have the honor to be,
Sir,
Your most obedient servant,
J. S. CHAKRAVARTI,
Secretary, Insurance Committee.

NOTES OF INSPECTION OF THE BASAVANGUDI CO-OPERATIVE SOCIETY, LIMITED, BANGALORE CITY.

Date and scope.—The inspection was begun in the middle of April 1909 and completed on 26th May 1909 with some breaks in the middle in consequence of absence from head-quarters.

2. The report covers a period of ten months, from July 1908 to April 1909. The inspection having coincided with the Society's own half-yearly audit under By-law 73, the progress of this audit by Mr. Murti Rao of the Comptroller's Office was carefully watched. The audit was most carefully conducted and reliable. For the half-year ending with December 1908, therefore, these audited figures have been adopted. From January to April 1909, the accounts were test-audited.

3. *Registration.*—The Society was started in June 1906, but *registered* on 25th April 1908. It is a distributive Society of an urban character conducting its transactions mainly in food-stuffs. Cash loans are also given to members in small sums to the extent of four-fifths of the paid-up share and for short periods of thirty-two days or under.

4. *Members.*—At the end of April 1909, the number of members on the roll was 132, consisting of the official and non-official residents of the Basavangudi Extension

5. *Capital.*—The capital of the Society is made up of share-subscriptions, and is at present limited to 400 shares of Rs. 5 each. Three hundred and seventeen shares have been taken, of which 307 are fully paid up. The amount of shares collected up to the end of April was Rs. 1,630.

6. Deposits are taken to supplement the working capital, on which the following rates of interest are allowed :—

Current deposits—five-eighths pie per rupee per month.
Fixed deposits—for three months, six-eighth pie per rupee per month.
for six months, seven-eighth do
for one year, one pie per rupee per month.

The amount of deposit on hand at the end of April 1909 was Rs. 482-15-3. The deposits are gradually coming in as shown from the statement of receipts and expenditure subjoined to para 8; but they have yet been kept fluctuating on either side of Rs. 500 and not gone far beyond. No deposits have been made by non-members, nor any loans borrowed from outside.

7. *Reserve Fund.*—The Society has a Reserve Fund of Rs. 135-9-10 in the Postal Savings Bank, where a public account has been recently opened.

8. *Business.*—The volume of business done by the Society between July 1908 and April 1909 is represented by the figures given below.

The greatest amount of business is thus done in the goods department. From the audit report for the half-year ended December 1908, it is seen that this department yielded a gross profit of Rs. 466-1-8 to the Society. The stores department was till April 1909 managed by a Sub-Committee, to which advances were made from time to time to purchase articles. In reviewing this account for the above half-year, the auditor for the term has made the following remark, which the Society would do well to bring into effect at once :—

"In verifying the entries made on account of advance to Sub-Committee for cash purchase of goods, it is found that their adjustments were not always effected soon after such purchases were made. It would be better if a separate account is kept showing the date of its adjustment, and this account checked at least once a week, and steps taken for prompt adjustment of items, if any, that may remain unadjusted."

No advance should be allowed to remain with any one person or body of persons unaccounted for for any length of time.

9. *Establishment and Management.*—The Society pays a house rent of Rs. 10 every month and maintains the following establishment :—

	Rs.
1 clerk	10
1 peon	6

The members of the Committee are elected once a year and work gratuitously. They actively take part in conducting the daily transactions of the Society. Their names as per election in April 1909, are given in the margin.

1. Mr. B. Srinivasa Iyengar, B.A., B.L., President and Treasurer.
2. „ Modur Lakshminaranaiya, B.A., Secretary.
3. „ B. Venkatanarnappa, M.A.
4. „ M. K. Krishnasamiengar, Assistant Secretary.
5. Mr. M. Lakshminaranaiya.
6. „ K. V. Krishnasastri.
7. „ Sattur Narayana Rao.
8. „ T. Subramaiya.
9. „ T. Venkataramanaiya, B.A.
10. „ Govind Venkaji.

Cash purchases in local shops were being made until very recently by a Sub-Committee consisting of three members of the Committee, but this arrangement has been displaced by a better one now, *viz.*, any two members of the Committee purchasing things by turns, the combination each time being different from what it was before. At the close of the day the cash is taken charge of by the Treasurer, who checks the entries in the cash-book and examines the vouchers.

10. *Registers.*—Besides the cash-book and the ledgers, the Society maintains other subsidiary account books, such as the monthly demand, collection and balance statement, Register

of cash and credit sales, etc. The cash-book is regularly and properly written up, and the entries are as far as possible supported by vouchers. In regard to purchase of goods in the local bazaar by the Sub-Committee, a mere statement of accounts by the purchasing member has been considered sufficient. If the Committee had seen the necessity to insist in all possible cases upon actual sale chits from the merchants themselves being produced as vouchers for the purchases made, mistakes such as are found at pages 261 and 267 of the cash-book in respect of 75 seers of coriander, would not have occurred.

Ledgers.—The postings in the Personal Ledgers are fairly up to date, but they do not seem to be quite exhaustive as regards repayments from members. These defects must be rectified at the next audit and each day's postings carefully scrutinized by the Secretary or any other member every day. The Society has not maintained "From" Register and the so-called "To" Register needs to be maintained with greater care and neatness. A register of members is not maintained. One should be opened at once and brought up to date.

11. *Meetings.*—At present the minutes of the General and Committee meetings are both written in one and the same book: these may be written in separate books from July next. Between July 1908 and April 1909, there were two General meetings and 12 Committee meetings. A strong desire seems to exist among the generality of members to purchase on credit, and the minutes recorded at the several meetings bear ample testimony to the anxiety of the managing body not to allow this desire to go out of control, or to jeopardise the interests of the Society. A resolution of the general body dated 16th February 1908 limits the sale of articles on credit to individual members to the full extent of the paid-up share independent of the short loan borrowable under the rules (which is 4/5ths of the share amount paid up). This limit is not being strictly observed. The Committee seem however to be alive to the dangers of allowing credit without check; and it is to be hoped that they will exercise every caution in the matter, and view with dissatisfaction each case of default. The By-laws too need stricter observance than at present.

12. *Financial situation.*—The Society is quite a solvent one. The balance sheet showing the Assets and Liabilities as they stood on 1st January 1909 is published hereunder:—

FINANCIAL DEPARTMENT.

Circular No. 41, *dated* 27*th May* 1909.

To—The Heads of all Offices.

Sir—I am directed to invite your attention to the following subject and to request that its advantage and importance may be impressed on all members of your establishment.

Under Rule 23 of the State Life Insurance Rules, "if the insured is dead, the bonus shall be paid to the person or persons nominated during the life-time of such insured, approved by the Committee and registered in the office of their Secretary, and failing such nominees, to his legal heirs declared as such by a competent Court of law and on the surrender of the Policy."

It has been noticed for some time that considerable delay occurs in claiming the bonus due on Policies held by deceased insured persons who have failed during their life-time to register their nominees, while in cases in which such nominees have been registered no such delay has been found to occur.

The cause for this delay appears to be the inconvenience, trouble and expense involved in securing an heirship certificate. *If the insured persons would therefore register their nominees during their life-time, all such inconvenience and expense would be avoided and the intended benefits of insurance would reach them as quickly as possible.* Nothing is lost by registering nominees but a very great advantage is secured; and the only reason why the privilege of registering nominees is not availed of to such an extent as might be expected, appears to be that the rule is not generally known.

The mode of registering a nominee is very simple and is laid down in Rule 23A, which is as follows:—

> "The nomination referred to in Rule 23 shall be in the form of an application addressed to the Secretary and shall be signed in the manner prescribed in Rule 17, the officer before whom it is signed forwarding it to the Secretary in a sealed cover for the orders of the Committee whose decision will be communicated to the applicant through the said officer."

This rule should therefore be made as widely known as possible and the insured persons advised in the interest of their heirs to register nominees in the manner therein laid down. Nominations once made are not absolute, and can be altered from time to time agreeably to the wish of the insured.

I have the honor to be,
Sir,
Your most obedient servant,
J. S. CHAKRAVARTI,
Secretary, Insurance Committee.

MISCELLANEOUS.

Notice No. G. 7125—G. M. 301-08-5, dated 16th June 1909.

With reference to para 10 of Notification No. G. 6238—G. M. 301-08-1, dated 1st May 1909, *re* a competitive examination for the selection of candidates for clerkships of the 3rd grade (Rs. 30—4—50) in the General and Revenue Secretariat, it is hereby notified that there are expected to be two permanent vacancies in the 3rd grade of clerks in August 1909.

OFFICE OF THE REGISTRAR OF CO-OPERATIVE SOCIETIES IN MYSORE.

Dated 19th June 1909.

Notes of Inspection of the Kunigal Co-operative Society, Limited, by the Honorary Organizer of Tumkur District, with the Registrar's remarks thereon.

Inspection began on the 9th and completed on the 13th May 1909.

The President was present with me, the Secretary is the Headmaster of the Anglo-Vernacular School and he was absent from the place on account of midsummer holidays.

The Society was registered on the 22nd March 1907. The capital of the Society consists of 1,000 shares of Rs. 5 each, and its business is confined at present to simply lending money to its members.

* * * * *

Mr. Kesar Singh, the Amildar, is taking much interest in the advancement of the Society and it is becoming popular.

Excluding the members who have been transferred to the newly established Halgonahalli Society and the one member resigned, there are at present 200 members in the register on the 30th April last.

Of the 713 shares taken up by the members, 161 shares have been fully paid up, and the remaining shares are not regularly paid, and I think the Society will have to employ a paid servant to demand and collect them. One Mr. Mahadevaiya, a shanbhog of this place, is doing the clerk's duty without any remuneration, and unless the Society pays him, it cannot expect better work from him.

Registrar's remarks.
It is essential that the clerk should receive adequate remuneration. The attention of the Managing Committee may be drawn to this point.

Capital.—The total receipts of the Society were as follows on the 30th April 1909 :—

	Rs.	a.	p.
Share amount	1,604	3	9
Entrance fee	92	4	0
Interest	110	9	5
	1,807	1	2

Of this amount, only Rs. 14-4-6 have been spent for contingent expenses, leaving a balance of Rs. 1,792-12-8 in the hands of the Society. Of this amount, Rs. 61-2-0 is the cash balance on the 30th April as shown hereunder :—

	Rs.	a.	p.	
	22	8	5	with the Society.
	38	9	7	in the Savings Bank.
Total ...	61	2	0	

I have examined the cash in the hands of the Secretary and also the Savings Bank Pass Book and found them correct.

The Society collects penalty from the members who fail to pay up their loan in time at 6 per cent per annum, and it is credited in the accounts under the head 'Interest.' It is proper to show this sum under 'Penalty.'

Registrar's remarks.
The penal sums collected should certainly be shown under a separate head to be named 'Penalty' and should be credited to the 'Reserve.'

Loans.—Since the establishment of the Society, 119 members were given loans, of which 59 have been returned and on the 30th of last month only 60 members were debtors to the Society to a sum of Rs. 1,731-10-8. This includes both short and long loans. The Society has defined loans returnable within one month as short loans and the remaining as long loans. Of the 60 unreturned loans, 42 are long loans, and 18 short loans.

The purposes for which the above loans are given are not clearly shown in the register and on referring to the applications for loans, there it is stated (ಗೃಹಕೃತ್ಯಕ್ಕಾಗಿ) "for domestic purposes"; however in very few cases they have given the details and I have suggested that the members should invariably mention the purpose for which the loan is required and the same should be [illegible]

Registrar's Remarks.
I hope that the Committee will follow this suggestion in practice.

Registrar's Remarks.
The Committee may be asked as to whether these overdue loans have since been collected. Punctuality of repayment should be insisted on.

Out of 119 loan cases, the loans were not returned in time in 22 cases by the members, but before the end of April, 14 members returned the loans, and 8 loans remain unpaid.

The professions of the 119 persons who borrowed are detailed below :—

Priests (Brahmin)	4
Government servants	59
Agriculturists	31
Pensioners	4
Tailor	1
Toddy drawer and seller	1
Washerman	1
Merchants	18
Total	119

Registrar's Remarks.
At the end of every month, the Managing Board may approve of all loans disbursed by the Secretary on his own responsibility. The applications should be circulated to all the members of the Committee and no loan should be given without the consent of the majority of members.

The Secretary is authorized by the Society to dispose of the loan applications up to Rs. 25 on his own responsibility and the rest with the approval of the Committee members, who are eight in number including the President, Secretary and Joint Secretary and the Treasurer. The Secretary sends the loan applications only to Messrs. Makum Bhadraiya and Rama Setty invariably and gets their approval to grant loans. I think the remaining members also should be aware of the Society's transactions and the sanction of the President should be obtained for loans exceeding Rs. 25.

* * * * * * * *

Kunigal town contains 1,000 houses (dwelling) with a population of 4,576. If every resident of the town had taken at least one share and paid regularly 4 annas, which is the share amount, every month, the capital of Rs. 5,000 would have been collected long before the time which lapsed between the date of registration and this date; but the people being ignorant of the benefits of the Society, we must leave it to take its own time.

(Sd.) C. D. RAMASWAMAIYA,
Honorary Organizer of Tumkur Dt.

14th May 1909.

The inspection report shows much intelligent insight into the affairs of the Society on the part of Mr. C. D. Ramaswamaiya and reflects credit on the members of the Managing Committee. Thanks are also due to the Amildar Mr. Kesar Singh who has shown much interest in the development of the Society

Circular No. 2114—*T. A. D. I.* 2875, *dated* 23*rd*—30*th June* 1909.

1. The Comptroller has the honor to request that the Officers named below will be so good as to furnish this office with their Annual Returns of fixed establishments for the 1st July 1909 prepared in accordance with the instructions laid down in pages 26, 27 and 28 (Chapter 5), Volume I of the Seventh Edition of the Civil Account Code, *so as to reach this office not later than the* 15*th August* 1909.

2. The returns should be prepared on *no other* than the prescribed *printed* form to be had from the Superintendent of Stationery, and should show accurately the establishment as it exists on 1st July. In preparing it, the following instructions should be carefully attended to :—

(*a*) The name, designation and pay of every gazetted officer, clerk, or menial servant holding a permanent appointment, whether on duty or absent on leave, or deputation, or under suspension, should be distinctly shown.

(*b*) The date of birth, year, month and day of the appointment and of appointment to present post, and of promotion to present pay of each person, as well as the number and date of the Government Orders creating the post, should be clearly entered in the appropriate columns of the statement, the exact date of birth by Christian era should be given as directed in Government Order No. Fl. 8225-67—S. A. 715-06, dated 2nd May 1907, and this office Circular No. 6402-70—A. C. 1036, dated 8—15th May 1907. If the month and the year is known, but not the exact date, the 15th of the month and if the year only is known the 1st July should be taken as the date of birth. This date can only be altered under the orders of the Local Government, except in the case of a clerical error. It should be noted that the column, "Promotion to present pay" is to be filled in, only when the pay is progressive and the incumbent of the appointment is drawing pay in excess of the minimum.

(*c*) The return should show accurately the sanctioned scale of *permanent establishment*, and so will include every post, whether filled up or not. If a post be vacant, the word *vacant* should be set against it in the column of "*Name of incumbent.*"

(*d*) The names of *gazetted officers should be entered first*, and beneath them those of the clerks and servants in order of sections of the establishment : *there should be a separate total for each section*, besides the grand total.

(*e*) The columns of *Minimum* and *Maximum* pay of post should be filled up *only* when the pay is progressive, *i. e.*, rises from a minimum to a maximum by annual increment; and if any annual increment is given with effect from 1st July, it should be included in the return, and compared with the certificate (in Form No. 8) required under Article 62 of the Civil Account Code, which would accompany the July bill.

(*f*) The name of any person acting in an appointment, as well as the acting allowance paid to him, should be shown in the column "*Name of incumbent*" beneath the name of the absentee for whom he is officiating.

(*g*) If the acting incumbent holds a permanent appointment upon another establishment, the fact should be stated, and the entry should be supported by a certificate from the head of that other establishment.

(*h*) If any person on the establishment has attained the age of fifty-five years, the number and date of the orders of Government or other competent authority permitting his retention in the service, should be quoted in a note at foot of the return, and the period for which his retention has been authorized should also be mentioned. If no orders have been received, the number and date of the application for sanction to his retention should be noted.

(*i*) A detailed statement in Form 4 should be given at back of the original return Form 3, showing new names of non-gazetted officers which are not found in the return of the previous year; and when these new names include those of persons who have entered Government service for the first time, a reference should be given to the bill with which their age and health certificates were furnished; and if they include the names of persons transferred from another appointment, those appointments should be specified, as well as the date from which the transfers have effect. Columns are also provided in Form 4 for information required

in regard to the names of non-gazetted officers which appeared in Form No. 3 of the previous year, but are now omitted, as also regarding non-gazetted officers who have been on leave other than privilege or casual, or under suspension, during the previous year. In the case of any who have been under suspension, a note is required stating whether it has been expressly declared that the period of suspension shall count as service qualifying for pension (Article 286 of the Mysore Service Regulations).

(*j*) Separate returns on the same printed forms should be prepared for each permanent establishment existing on 1st July paid from *Local Funds*, and not more than one establishment should be exhibited on a single page. When the pay of any establishment or of any individual officer is met partly from General Revenues and partly from Local or other funds, the whole pay should be shown in one statement, and the portion payable from each source specified in a foot-note.

3. When completed in accordance with the above instructions, the detailed statement should be carefully checked with the service books, save in the cases excepted in clause (*a*) as it will be the chief authority by which hereafter pension claims will be tested. A certificate of this comparison should be endorsed on the return thus: "Compared with service books and found to agree."

N. B.—(1) A special report from the head of the office that he has personally satisfied himself of the correctness of the entries in the schedule by checking a few items in the service register with the schedules should also be furnished.

(2) The Comptroller may call upon the head of office to send a few service registers for test and check with the schedules.

4. This return should be accompanied by an abstract, which will link together the gross numbers shown in the budget estimate of each establishment and the nominal rolls in the book of establishment.

5. Slips of paper should not be attached at foot of the returns, but if space is found insufficient, application should be made to the Stationery Department for a sufficient supply of forms for insertion in book form. In cases where more than one sheet is required to be used, care should be taken to have the sheets stitched in book form before the entries are made therein.

AUDITOR'S REPORT FOR APRIL 1909.

Dated 13th May 1909.

1. The post of the 2nd Vaccinator is vacant for the last five or six months. We have introduced compulsory vaccination. Under the circumstances, how is it possible to have the postvacant for so long a time, when we are to give special facility to the people ? I think this post ought to be filled up at once.

2. As the President has undertaken to look into conservancy cess accounts personally, I have not seen the accounts this time.

3. After examining all the receipts of the Collection Department, I find the collection is so good that it is unprecedented. I hope the Collection Department will keep up the energy they have displayed this time in future.

(Sd.) B. K. GARUDACHAR,
Municipal Councillor and Auditor.

2. Read the General and Revenue Secretary's docket No. 8510-9—Ml. 281-08-2, dated the 2nd March 1909, calling for the resolution of the Municipal Council *in re* exempting from payment of octroi, articles brought into a Municipal town for private use in small quantities.

Resolved that the following rules in force in the Civil and Military Station, Bangalore, be adopted :—

Exemptions.—Personal baggage of travellers, articles imported through the Post Office, and goods *bona fide*, the property of Government at the time of import and accompanied by an invoice certified by the departmnetal head concerned that the property therein belongs to Government are exempt from payment of these taxes.

Note.—Six green cocoanuts, six dry cocoanuts, twenty-five betel-leaves and two pounds of tobacco if brought for personal consumption by *bona fide* travellers or passengers in a railway train shall be allowed free of duty.

3. Read Government Proceedings No. 10222-4—San. 106-07-15, dated the 17th April 1909, requesting reconsideration of the resolution of the Municipal Council *in re* investing the Council with powers under clause (2) of Section 144 of the Municipal Regulation, in the light of the observations made therein.

Resolution.—Deferred for further discussion.

4. Read D. O. dated the 6—8th April 1909, from the Health Officer, Bangalore City, requesting that steps may be taken to define the powers and duties of the Health Officer as Vice-President in matters relating to public health.

Resolution.—Deferred, as the President is absent at Mysore for the Birthday Festivities.

I. (1) Read Resolution No. VIII of the District Board meeting held on the 25th February 1909, concerning the extension of Arehalli-Chiknahalli road to Chikmagalur.

(2) Read the Hassan Division Executive Engineer's docket No. 104, dated 28—29th March 1909, expressing an opinion that the extension of the road proposed is unnecessary as the traffic will be mostly on the much better road (Channarayapatna to Belur and on to Chikmagalur, a distance of 24 miles), that the opening of the road requires a heavy outlay and its annual maintenance would be a heavy drain on the District Funds.

Resolution—Resolved that owing to the paucity of District Funds, the work cannot be now undertaken, but in the meanwhile the resolution of the Belur Taluk Board may be called for, as to whether there is great necessity for the proposed new road, which would be some 18 or 19 miles against 24 miles, which is the distance from Chiknahalli to Chikmagalur along the existing road *via* Belur.

II. (*a*) Read the General and Revenue Secretary's docket No. 10448—L. B. 169-08-11, dated the 22nd April 1909, requesting that the matter of special repairs at a cost of Rs. 5,000 to the Tiptur-Channarayapatna road, sanctioned in Government Proceedings No. R. 7948-58—Agri. 164-08-7, dated 3rd April 1909, be placed before the District Board and a copy of their resolution submitted.

(*b*) Read also the District Fund accounts of receipts and expenditure up to the end of March 1909.

Resolution.—Resolved that owing to the very unfavorable seasonal conditions, it is anticipated that the collections will fall far short of the estimated receipts, hence it will be impossible to meet the cost of Rs. 5,000 from the District Funds.

The Board therefore resolve that these circumstances be represented to Government with a view to the cost of this work of relief being kindly met by a grant-in-aid to the District Funds.

III. (*a*) Read the Revenue Commissioner's memo Nos. 107—D., 1031-38—D., and 2130—D, dated the 10th December 1908, 13th and 17th February 1909 and 16th April 1909, respectively, allotting Rs. 3,000, 4,000 and 1,000 for drinking-water wells and other works of public utility in this district during the season of drought.

(*b*) Read the Comptroller's docket No. 5664—42, dated 30th March 1909, stating that the above allotments are to be treated as grants-in-aid to the District Funds.

(*c*) Read the list of works sanctioned by the Deputy Commissioner out of the allotments stated above.

Resolution.—Recorded and resolved that the thanks of the Board be conveyed to Government for the sanction of these allotments as grants-in-aid to the District Funds.

Further resolved that the works sanctioned by the Deputy Commissioner and President, under the urgent circumstances, in connection with the long drought and distress be approved.

IV. Read the General and Revenue Secretary's docket No. 10247—L. B. 350-08, dated 17th April 1909, directing that the contribution paid by the villagers of Kabbal should be credited to District Funds and that the source should be pointed out in the current year's District Fund budget, wherefrom the cost of the estimate, *viz.*, Rs. 800, may be met, etc.

Resolution.—Resolved that as there is no provision available in the current year's District Fund budget, it is impossible to provide for this amount of Rs. 800 and that Government may therefore be requested to sanction the present estimate out of the contribution of Rs. 800 which will be credited to District Funds; otherwise payment for the work must be deferred for two years. Further resolved that a special reference be made to Government representing the impracticability of the procedure pointed out.

V. Read the General and Revenue Secretary's letter No. 10333—L. B. 128-08-6, dated the 19th April 1909, stating that the Coorg District Board accept the proposal of the Durbar, in advising the Hassan District Board, as regards the levy of a single toll at the first toll-gate, either at Kerodi (Mysore), or at Yedahalli, (Coorg), when carts pass through the two toll-gates, within 24 hours, but that the Coorg District Board enquire whether there is any objection to give effect to the proposed reduction with effect from 1st April 1911, as the Yedahalli toll-gate has already been sold for two years ending 31st March 1911, and requesting, therefore, that the matter may be placed for consideration of the District Board, and a copy of the resolution be submitted.

Resolution.—Resolved that this Board have no objection to their proposal which has been accepted by the Coorg District Board being given effect to from 1st April 1911, so that in the meanwhile, the right of collecting toll at the Kerodi toll-gate will be auctioned under the condition that toll will be levied although already paid at the Yedahalli toll-gate, during the two ensuing official years commencing with the 1st July 1909 and ending with 30th June 1911, with the proposed modification only during the months of April, May and June 1911, provided that the Coorg District Board make a corresponding modification at the Yedahalli toll-gate from 1st April 1911.

VI. Read letter No. 1162—Mis., dated 22nd February—2nd March 1909, from the President, Tumkur District Board, forwarding a copy of that District Board's resolution agreeing to the proposal of opening a toll-gate at Karehalli on the Channarayapatna-Tiptur road as the proportionate profit from the tolls would enable that Board to better maintain the road lying within the Tumkur District.

Resolution.—Resolved that a reference be made to Government, recommending the establishment of a toll-gate near the Karehalli Police Station from 1st July 1909, and that it be worked by "Amani," for one official year, with establishment charges as noted below amounting to Rs. 600, being met out of Rs. 950 provided under X Miscellaneous (8) "unforeseen expenditure" in the District Fund budget for 1909-10 which although cancelled by Government in para 9 of their Order No. 10681-94—L. B. 313-08, dated 28th April 1909, may be recommended for revival for this purpose.

(*b*) Read Hassan Division Executive Engineer's docket No. 81, dated 15th March 1909, forwarding for countersignature and return an estimate amounting to Rs. 408 for effecting urgent repairs to the 3rd class travellers' bungalow at Bisle and requesting that arrangements may be made to allot funds for the purpose.

(*c*) Read Saklespur Assistant Commissioner's letter No. 805, dated 24th April 1909, stating that the 3rd class travellers' bungalow building at Marnahalli is in urgent need of repairs.

(*d*) Read Saklespur Assistant Commissioner's docket No. 804, dated 22nd—24th April 1909, stating that the 3rd class travellers' bungalow building at Kempkal is also in need of urgent repairs.

(*e*) Read also Executive Engineer's docket No. 159, dated 1st May 1909, on the above subject.

Resolution.—Resolved that from experience of the past few years, it is found impossible to provide sufficient funds out of District Funds for repairs to the numerous buildings styled as 3rd class travellers' bungalows in this district as per list attached.

Further resolved that it is necessary to bring to the notice of Government that unless such arrangements be sanctioned the buildings referred to will go from bad to worse for want of thorough repairs and finally collapse.

VIII. Read the Hassan Division Executive Engineer's docket No. 132, dated 14—17th April 1909, forwarding a statement (and subsequently the estimates) for repairs to Local Fund Dispensary buildings during 1909-10 at Belur, Arsikere, Banavar, Saklespur, Yeslurpet, Arehalli and Alur and for slabbing the floor etc., of the Local Fund Dispensary building at Arkalgud, at a total cost of Rs. 1,105, of which the District Fund quota of contribution amounts to Rs. 407.

(3) Government Proceedings No. R. 8361-71—Agri. 153-08-5, dated 10th April 1909, observing that the conversion of the breached tank at Pilali village in the Hiriyur Taluk into a Gokatte is a District Fund work and that its cost should therefore be met from that Fund; and also observing that, on occasion like the present, it will be permissible to draw upon even the minimum balances of Local Boards, if necessary.

(4) Government Proceedings No. R. 8447-56—Agri. 69-08-67, dated 13th April 1909, observing that no allotments can be made from District Funds, without a resolution of the District Board in that behalf.

Resolution.—Resolved that as it is understood that the earthwork of the well has not yet been commenced by the villagers of Bellur it is too late in the year, to sanction an estimate for its revetment, and that the villagers may be informed that they should first do the earthwork of the well in proper season, and then apply for sanction to the cost of its revetment.

Further resolved that a portion of the existing provision might be utilized for deepening and repairing the Local Fund well at Hanbal which has become dry as it is very necessary to provide good drinking water there, since there is a travellers' bungalow, musafirkhana, dispensary and police station.

7. Read letter dated 5th May 1909, from the President to the North Mysore Planters' Association in the matter of improving the finances of the District Board.

Proposed by Mr. Santappa Setti, seconded by Mr. Srinivasa Rao and resolved unanimously that in consequence of the present unsatisfactory financial condition of the Board, the Government be requested to make over to the District Board the receipts from cart-tax in the district. I. Consideration of accounts of receipts and expenditure and other vital statistics for the month of May 1909 with the auditors' report.

Passed.

II. Proceedings of the Managing and Health Committees for the month of June 1909.

Confirmed.

III. Government Proceedings No. 8144-6, dated 19th February 1909, calling for the opinion of the Council in the matter of repaying the loan advanced to meet the cost of the working charges of the supplementary steam plant for the temporary improvement of the water-supply to the Mysore City.

IV. Government Proceedings No. 10502-4—Ml. 40-08-8, dated 23rd April 1909, authorizing the Chief Engineer to raise the Municipal part of the current year's Public Works Budget by Rs. 15,000 on account of the maintenance of the Vanivilas Water Works, the amount being met from the Municipal Funds.

Resolution.—The Municipal Council while inviting the kind attention of Government to their Proceedings No. 1369-73—Ml. (478-05)-6 of the 11th August 1906 and its Resolution X of the 27th November forwarded with the President's letter of the 5th December 1906, again takes this opportunity to respectfully submit once more that the charges of the nature referred to in propositions III and IV incurred by them for the *temporary improvement* of the water-supply to the City do not seem to fall within the purview of clause (*a*) of sub-section (i) of section 176 of the Municipal Regulation of 1906, and as such, are not, in the opinion of the Municipal Council, a lawful charge; and it therefore prays that charges of a *similar nature* incurred in addition to the above two items for the *temporary improvement* of the water-supply, may, as suggested in the first instance, be debited to the Provincial Funds.

V. Consideration of the proposition of Messrs. N. Srikantaiya and Amble Annaiya Pandit to the effect that applications for licenses for repairs and erection of buildings in the City be disposed of after the inspection of the site by the Municipal Engineer, Municipal Tax Collector and Mohalla Councillors with the Health Officer.

Proposition amended by omitting the names of the Municipal Engineer and the Tax Collector.

Resolved that in future all applications for licenses for repairs and erection of buildings in the City be disposed of by the Health Officer after taking the opinion of the Municipal Councillors concerned.

VI. Docket No. 11229, dated 11th May 1909, from the Secretary to the Government in the Revenue and General Departments requesting to place the matter, *viz.*, giving an increase of pay to the Unani Hakim attached to the Indigenous Hospital at Mysore once more before the Municipal Council, etc.,

Resolved that Government be prayed to sanction an allowance of Rs. 15 to the Hakim out of the savings effected by the recent death of the Khaji.

VII. Chief Engineer's letter No. 3647, dated 6th May 1909, requesting to intimate the opinion of the Council *in re* metering the houses in the City in which consumption is large, the amount collected on account of excess water drawn being credited to Government and charging the Municipality the pay of a clerk on Rs. 25 to be given to the Superintendent, Water Works, to prepare bills and maintain accounts, etc., in this connection.

Deferred.

VIII. Application from the cartmen employed in the Conservancy Department of the Municipality praying to increase the monthly hire from Rs. 15 to 18 having regard to the high prices of fodder and horse gram, etc.,

Resolved that the prayer of the cartmen cannot be granted.

N.B.—The Amildars of Davangere, Holalkere, Challakere, Chitaldrug, Hiriyur, Jagalur and Hosdurga and Deputy Amildar of Harihar were present.

I. Read and recorded the proceedings of the meeting of the Board held on the 19th February 1909.

II. Read and recorded Government Proceedings No. 10969-82—L. B. 312-08-3, dated 6th May 1909, sanctioning the District Fund budget for the year 1909-10.

III. Read Public Works Secretary's No. 391-2492, dated 31st March 1909, intimating sanction to the purchase of a set of well-boring instruments for carrying on the well-boring operations in the district.

(2) Docket No. 38, dated 12th April last, from Mr. T. Arunachela Iyer on special duty, proposing the entertainment of two duly qualified mechanics with varying grades of pay for the purpose referred to.

Owing to the hard and rocky nature of the soil in this district, it is considered desirable to carry on these operations to a pretty large extent; and in view to handle the machine and work it out carefully, the entertainment of two hands (duly qualified) is also necessary.

Resolved that a recommendation be sent up to Government for sanction to the entertainment of a Mechanical Inspector on Rs. 40 rising to Rs. 60 with a triennial increment of Rs. 5 and a mestri on Rs. 25 rising to Rs. 35 with a triennial increment of Rs. 2, the entire cost thereof being met from District Funds. If private parties apply for the services of the machine, the Board further considers it necessary to levy from them a small fee for each well and to credit the realizations from this source to District Funds.

IV. Read Government Proceedings No. 838-96—L. B. 216-08-1, dated 27th February last, calling for the opinions of the District and Taluk Boards in regard to the procedure proposed to be introduced for the preparation of travelling allowance bills of the non-official members of the Board.

Resolution.—The Board is of opinion that the proposed procedure is suitable and may be adopted with the exception of the certificate referred to therein, to the insertion of which the majority of members take objection.

V. Read list of works sanctioned by the President in anticipation of the Board's approval.

Resolution.—Approved.

VI. Read petition from the inhabitants of the Chitaldrug town and its surrounding villages, praying that the work in the Vaidyasala at Chitaldrug has considerably increased since its formation and that some increase may be given to the allowance of the Pandit Lakshminaranappa as a sort of compensation for his labours.

Resolution.—The Board recognizes the popularity which the institution has been enjoying under the present Pandit, the number of patients treated in it, having risen from 775 to 3,675 since 1905 and is of opinion that as a recompense for his labours and pecuniary sacrifice, a small increase of Rs. 5 per mensem to his present salary with a qualified assistant on Rs. 7 to help him in his increasing duties seems desirable. As the finances of the Municipality are not in a position to bear its quota of the additional charge, it is proposed that the same may be met entirely from District Funds.

Resolved that a recommendation be submitted to Government for sanction accordingly.

VII. Read Dasara Calendar for the current year regarding the election of two members to represent the Board in the ensuing Representative Assembly to be held in Mysore.

Resolved that Messrs. Belaghatta Ajjappa and Paledahalli Nagappa be elected to represent the Board in the ensuing Dasara Representative Assembly.

4. Read and approved the list of works sanctioned by the Vice-President in anticipation of the Board's approval.

5. Read docket No. 9566, dated the 1st April 1909, from the Secretary, General and Revenue Departments, forwarding for the Board's opinion the amendments proposed by the Sanitary Commissioner in regard to the draft Bye-laws for the management of the market and slaughter houses.

The following is the Board's opinion regarding the proposed amendments of the Sanitary Commissioner :—

ROBERTSONPET MARKET BYE-LAWS.

Amendments proposed by the Sanitary Commissioner.	*Opinion of the members of the Board.*
1. 7 P.M. seems too early to close the market.	7 P.M. will do, as there is no necessity to keep the market open later.
9. Decently and properly dressed.—Vague.	This Bye-law may be altered as follows:— '9. All shop keepers, stall holders and sitters in the market, shall be cleanly dressed.'
11. Not clear. What do they gain by stopping if the market is closed at 7 P.M.	Merchants with valuable goods coming from long distances have to remain in the shandi during the night on shandi days, as they cannot possibly remove their goods to any other place in the town, and return for business on the following day. The Bye-law may be altered thus :— '11. Stall holders who intend staying overnight must first obtain permission from the Market Sergeant, and will have to pay, in addition to the fees prescribed in the schedule, a night fee of eight annas per stall for every night except on Saturday and Sunday of the Mines pay-day shandi.'
19. 'Or infringing any of the above rules'—would make it applicable to all rules above, which is apparently not meant.	Our Bye-law says 'this rule' and not 'Above rules,' which is a mistake.
23. Ought to be more comprehensive. Any article of food or drink such as meat, fish milk, ghee, etc., injurious or adulterated to be included.	Our Bye-law is more comprehensive and may remain as it is.
24. The power to declare an article unsound, unfit for human consumption, etc., should vest in the Sanitary Inspector, Health Officer, or District Medical and Sanitary Officer and not in unprofessional men.	The Medical Officer of Health is deputed for this duty and the power has not been delegated to any one else.
Dogs to be excluded.	Yes. The following additional Bye-law is framed :— '32. No person shall bring a dog into the Market. All stray dogs found inside the Market will be destroyed.'
Articles of food to be exposed with due care so as to prevent contamination from flies, dust, etc.	Bye-law No. 26 provides for this.
No one should live inside the Market.	An additional Bye-law may be framed thus :— '33. No one shall permanently live inside the Market.'

BYE-LAW REGARDING THE MANAGEMENT OF THE SLAUGHTER HOUSES.

Amendments proposed by the Sanitary Commissioner.	*Opinion of the members of the Board.*
1. Animals.--Vague. Should be 'animals intended for human food' or 'slaughter of animals for human consumption.'	May be amended thus :— 'Animals intended for human consumption only shall be slaughtered in the slaughter houses.'
3. Fee should not be on every person, desiring to make use of the slaughter houses but on every animal to be slaughtered in the slaughter house.	The Bye-law may be framed as follows: 'Every person desirous of making use of the slaughter houses shall pay the prescribed fees for animals to be slaughtered before taking them into the place for slaughter.'

Amendments proposed by the Sanitary Commissioner.	*Opinion of the members of the Board.*
5. Time may be specified, say, from 7 A.M. to 8 P.M.	The original Bye-Law may stand as it is, and the Board reserves to itself the power to fix the time.
7. One hour is too short a time.	One our is considered enough.
8. Such animals should be marked (without causing pain) so that the slaughter-house keeper may admit them. No animal that is not so marked as proof of examination should be slaughtered.	May be altered thus :— "Animals which upon examination are found to be free from disease. shall be marked with the Sanitary Board stamp for slaughtering.
34. Unnecessary, unless the meat is subsequently sold to others.	This is necessary and may be retained, because the flesh though not sold is distributed among devotees.
New Clause. All animals are to be slaughtered in such a manner as will not cause unnecessary pain or suffering.	An additional Bye-Law may be inserted thus :— "All animals are to be slaughtered in such a manner as will not cause unnecessary pain or suffering.
No slaughtering or skinning shall be done in the presence of another animal.	This is impracticable.

6. Read and recorded Government Proceedings No. 1190-11194—L. B. 307-08-2, dated 8th May 1909, sanctioning the Budget Estimates of the Board for the year 1909-10.

AUDITOR'S REPORT FOR MAY 1909.

Dated 18th June 1909.

1. There seem to be two watchmen for Health Camps. What work they are doing? Probably they were engaged when the plague was in full swing. Now, I think, their services may be utilized for some other useful purposes.

2. Batta Bill of the Health Officer for Rs. 60-4-0 is paid from the Municipal Funds. In his bill, it is clearly stated that he went there on Exhibition duty. Such being the case, I don't see the reason why that amount to be paid by the Municipal Funds.

3. Conservancy Cess account not seen, as the President has undertaken to do it.

4. *Collection.*—Very good.

5. The explanation of the Health Officer for the last month's audit not yet come as promised in the meeting.

(Sd.) B. K. GARUDACHAR,
Municipal Councillor and Auditor.

2. The Council are of opinion that no payment should be made for any deputation of the Health Officer outside City limits without the previous sanction of the Council.

2. Read D. O. dated the 6—8th April 1909, from the Health Officer, Bangalore City, requesting that steps may be taken to define the powers and duties of the Health Officer as Vice-President in matters relating to public health.

Resolved that the Health Officer be requested to submit his proposals for the consideration of the Council.

3. Read modified draft bye-laws regulating buildings and other structures in the City.

Resolved that the proposed bye-laws be referred for report to a Sub-Committee consisting of the following gentlemen :—

Messrs. H. Ramaiya, B. Gangaiya, B. K. Garudachar, D. Venkátramaiya and B. V. Ramaswami Chetty.

4. Read memo from Mr. K. Krishnamurti Rao, Municipal Councillor, VIII Basavangudi Division, bringing forward the following subjects :—

(i) That rules may be framed to prevent rowdies from taking the City stray cattle to the cattle-pound in the Civil and Military Station for being impounded.

(ii) That arrangements may be made to take the readings of house-connection meters as in the case of electric light meters.

(iii) That the numbering of hackney carriage carts may be carried out departmentally.

(iv) That the draft bye-laws regarding native hotels, bakeries, etc., may be brought into force at once.

(i) *Resolved* that a copy of the rules in force in the Civil and Military Station be sent for and consulted before the matter is further considered by the Council.

(ii) *Resolved* that the Executive Engineer of the Water-Supply and Stores Division be requested to consider the question of introducing open-meters for reading them as in the case of electric light meters.

(iii) *Resolution.*—Provided in the next year's budget.

(iv) *Resolved* that the draft bye-laws be circulated for reconsideration in the light of the objection since received.

5. Reconsideration of the question of the revision of the Octroi establishment of the City Municipality.

Resolution.—Deferred till the next meeting.

6. Appointment of a Standing Committee for auditing the Municipal accounts for the quarter ending the 30th September 1909.

Resolved that the following gentlemen be appointed as members of the Standing Committee for the quarter ending 30th September 1909 :—

Messrs. D. B. Ramachandra Mudaliar and M. K. Krishnamurti Rao.

7. Read Government Proceedings No. 286-92—P. W. 1860-6, dated the 10th March 1909, sanctioning the project for opening out the new Northern Extension at Malleswaram for Rs. 70,000, and letter dated the 18th May 1909, from Mr. B. K. Garudachar, Municipal Councillor, in the matter.

Resolution.—Recorded, with the remark that the financial condition is such that the Municipality shall not, for some years, be in a position to maintain the roads in the new extension.

8. Read memo No. 425, dated the 17th May 1909, from the Health Officer of the City, putting forward the following propositions :—

(1) That all applications for licenses to erect or re-erect buildings of and above the estimated value of Rs. 500 within the limits of the City proper be referred to the Improvement Committee for opinion before granting the licenses.

(2) That the Sub-Registrars of Births and Deaths be provided with Government or Municipal buildings for holding their offices or in lieu of the same an office rent of Rs. 3 per mensem be given to them.

Resolution.—The expenses may be paid.

13. Read letter No. 11024—2103, dated the 29th May 1909, from the Inspector-General of Education in Mysore, enquiring whether the Municipality will be able to pay a monthly grant-in-aid of Rs. 45 to the Mahomedan Industrial School, Bamboo Bazaar, Bangalore City.

Circular No. 2118—*B. & R.* 116-24, *dated 6th August* 1909.

TRUST INTEREST FUND PAYMENTS.

It having been observed in the course of audit of the Trust Interest Fund Vouchers that interest is drawn on other than the prescribed forms and that for want of complete information the payments made are misclassified in the accounts, the Comptroller has the honor to request that the following procedure, which is intended to prevent such confusion and to secure better check and scrutiny, may in future be adopted for the payment of interest on the Pronotes held in trust in this office:—

(i) The Payment Orders issued by this office (the form of which has been revised) will themselves be presented for payment at the Treasury instead of separate receipts as at present and the payment acknowledged by the parties on the orders themselves. These Payment Orders will be sent to the parties concerned *through* the countersigning officer as soon as the interest on the securities held in trust is realized, the Treasuries at which payment is to be made being simultaneously advised of their issue.

(ii) On receipt of the advice the Treasury Officer shall enter it in a Check Register of Payment Orders (new Form Fl. 219).

Circular No. 1—P. W., dated 12th August 1909.

To—All Executive Engineers and Civil Officers.

A case having recently occurred in a Division where the embezzlement of Government money was rendered possible by failing to enforce the ordinary safeguards of check in the matter of pay orders on bills, the undersigned has the honor to impress on all Disbursing Officers the absolute necessity of strictly adhering to the procedure of making payments on bills laid down in this office Circular No. 1, dated 7th August 1905, and introducing at once the practice of invariably entering the amount of each bill, as well as the pay orders, *both in figures and words.* In the case of imprest-holders the amount of the bill and that paid should be similarly entered.

The Accountant and Cashier of the Division concerned have been punished, the promotion of the former which was due being withheld for six months and the latter being compelled to proceed on furlough and retire at end of the same. These punishments are considered comparatively light and they have been so lightly treated, as there is in the present case laxity in the matter of enforcing proper pay orders almost in all the Divisions of the Province. It need hardly be said that similar cases in future will be very severely dealt with; and this fact, it is requested, should now be impressed on the Accounts staff as well as on the departmental officers.

Comptroller, P. W. & Ry. Branch

The Society was registered on 21st February 1907.

Members.—Out of a total of 366 members who had taken up 773 shares, 58 names had to be struck off for various reasons, such as death (6), resignation (4), transfer and removal for default in payment of share instalments (44). In the case of defaulters, the Secretary has expressed his opinion in favor of granting time to them on account of the seasonal difficulties that prevailed during the year. The report shows that among the members there are 10 ladies and 3 minors. The latter should not have been admitted, and their names should now be omitted.

Capital.—The Society had at the end of June 1909, a working capital of Rs. 8,265-1-0, of which Rs. 7,019-3-6 consisted of shares, and Rs. 438-0-0 of deposits, the rest being made up of entrance fees, reserve fund, interest accrued, etc. In accounting for the entrance fees of Rs. 161-10-0, a sum of Rs. 40-0-0 used up for the purchase of furniture has been unnecessarily credited to that item and shown under liabilities in the balance sheet. The entrance fees accounted for should therefore be reduced by Rs. 40-0-0.

Profit.—The transactions of the Society from the beginning resulted in a net profit of Rs. 481-5-11. Deducting one-fourth out of this towards the Reserve Fund, the amount that remained available for distribution to members was Rs. 361-0-5. A statement of profit and loss should have been given showing how the net profit was arrived at. The Society should supply this omission now.

Reserve Fund.—The amount credited to the Reserve Fund till now is shown to be Rs. 197-1-5, exclusive of Rs. 120-5-6 to be credited out of the profits of 1908-09.

The rest of the report does not call for any remarks. It is gratifying that on the whole the Society has been making steady progress which reflects credit on the Managing members.

Registrar.

THE MYSORE DASARA INDUSTRIAL AND AGRICULTURAL EXHIBITION.

OFFICE OF THE PRESIDENT, DATED LAL-BAGH, THE 4TH OF SEPTEMBER 1909.

Memo.

The Madras and Southern Mahratta Railway authorities, while granting concessions over their lines last year, had attached a condition in the case of exhibitors that the journey performed by them to Mysore in any class should not be less than 400 miles by which the concession was of no practical benefit to any exhibitors. We are glad to announce that this year they have granted the following concession for exhibitors and exhibits without any restriction as to the distance travelled by the former and it is hoped that a larger number of exhibitors will avail themselves of this liberal concession :—

Exhibits	... At first class goods rates at owner's risk.	On production of a certificate signed by the Secretary which may be had on applying to him.
Exhibitors	... First and second class accommodations at single fares and third class at a fare and a half for return journey.	

Similarly the South Indian Railway Company has also allowed the same concessions both for exhibits and exhibitors with a note that the journey performed by the latter over that line should not be less than 50 miles.

G. H. KRUMBIEGEL,
President.

JUDICIAL DEPARTMENT.

IN THE CHIEF COURT OF MYSORE AT BANGALORE.

CRIMINAL SIDE.

Rule of Practice No. 83, dated 1st September 1909.

In supersession of R. P. No. 58, dated 1st September 1892, R. P. 67, dated 12th January 1899, and C. L. No. 94, dated 10th March 1891, the Chief Court, under Section 554 of the Code of Criminal Procedure and with the sanction of Government, issues the following rules for the submission of calendars :—

ORIGINAL JURISDICTION.

1. *Sessions Judges.*—Courts of Sessions Judges will transmit to the Chief Court copies of all judgments and orders, together with a tabular statement in the annexed form, within 48 hours after the date of pronouncing judgment or order in each case.

2. *District Magistrates.*—District Magistrates will forward to the Chief Court copies of all their judgments and orders, together with a tabular statement in all cases tried by them, including proceedings held under Chapters VIII, X, XI, XII and XXXVI of the Code of Criminal Procedure, within 24 hours after pronouncing the judgment or order.

3. *Sub-Division Magistrates and 1st Class Magistrates.*—Sub-Division Magistrates and all 1st Class Magistrates will submit copies of judgments and orders, together with a tabular statement to the District Magistrate, in all cases tried by them, including the proceedings held by them under Chapters VIII, X, XI, XII and XXXVI of the Criminal Procedure Code, within 24 hours after the close of the trial.

4. District Magistrates will, after perusal, forward them, without delay to the Sessions

5. All 2nd and 3rd Class Magistrates will submit copies of judgments and orders passed by them, together with the prescribed statements, to the District Magistrate, and when there is a Sub-Division Magistrate, through such Magistrate, within 24 hours after the close of the trial. In the latter case the Sub-Division Magistrate will, after examining the statements, judgments and orders, forward them to the District Magistrate, bringing at the same time to the notice of the District Magistrate any errors or irregularities in the proceedings of the Subordinate Magistrate.

6. If an order of discharge is passed by a District Magistrate, under Section 209 of the Code of Criminal Procedure, a copy of the order will, in the first instance, be submitted to the Sessions Judge. If the order is passed by any other Magistrate, he will forward it to the District Magistrate, who will, without unnecessary delay, forward it to the Sessions Judge. Sessions Judges will forward these copies after perusal to the Chief Court.

7. Statements need not accompany copies of judgments or orders when cases are compounded, or are permitted to be withdrawn, or when they are dismissed for default of the complainant's appearance.

8. Sessions Judges and District Magistrates, to whom copies of judgments are submitted, will carefully examine them and report at once to the Chief Court any cases which, in their opinion, may call for revision.

APPELLATE JURISDICTION.

9. A copy of every judgment or order passed by Sessions Judges in the exercise of their appellate jurisdiction and a copy of every miscellaneous order passed by them under the provisions of the Criminal Procedure Code, finally disposing of any matter *sub judice*, will be submitted to the Chief Court within 48 hours after the passing of the same.

10. A copy of every judgment or order passed by District Magistrates in the exercise of their appellate jurisdiction and a copy of every miscellaneous order passed by them under the provisions of the Criminal Procedure Code, finally disposing of any matter *sub judice*, will be submitted to the Chief Court within 48 hours after the passing of the same.

11. Copies of judgments on appeal and of miscellaneous orders of the kind referred to in para 10 above passed by Sub-Division Magistrates and 1st Class Magistrates, will be submitted within 48 hours to the District Magistrate. The District Magistrate, after examining them, will forward them without delay to the Sessions Judge.

12. A copy of judgment passed on appeal which, under paras 9, 10 and 11, is required to be submitted to the Chief Court or the District Magistrate, shall invariably be accompanied by a copy of the judgment or order appealed against together with the statement accompanying such judgment or order.

13. The following are some of the points which Sessions Judges and District Magistrates will particularly notice when exercising their powers of supervision :—

(*a*) The rash or unnecessary issue of process.

(*b*) The dealing with disputed claims of right under color of a charge of criminal trespass or mischief and convictions for these offences without a finding as to the criminal intent.

(*c*) The suitability of the punishment inflicted on youthful offenders.

(*d*) The judicious or injudicious use of the powers conferred by Sections 250 and 562 of the Code.

(*e*) The indiscreet imposition of fines beyond the means of offenders.

(*f*) The light punishment, by inferior Courts, of offences requiring severe sentences in cases which ought to have gone up to superior Courts for enhanced punishment.

(*g*) The imposition of heavy fines in addition to imprisonment with a view, in default of payment, to extend the term of imprisonment beyond the ordinary powers of the Magistrate to inflict.

(*h*) The exaction of excessive bail or excessive security for keeping the peace or for good behaviour.

(*i*) Unnecessary delay in the disposal of cases.

I. (*a*) Read the Dasara Calendar for the year 1909.

(*b*) Election of two non-official members to represent the District Board at the ensuing Dasara Representative Assembly in Mysore.

Resolution.—Resolved that as now duly elected Messrs. K. Thammaiya and Suryanarain Chetty be deputed to represent this Board, at the ensuing Dasara Representative Assembly at Mysore.

II. (1) Read the General and Revenue Secretary's letter No. 12402-12—Med. 2-08, dated the 10th June 1909, calling for the views of the District and the Municipal Boards in the matter of meeting from their funds the expenses of the treatment of indigent persons bitten by rabid animals, the Municipalities concerned bearing the charge in the case of persons residing within Municipal towns, and the District Boards concerned bearing the same in the case of persons residing outside the limits of Municipal towns.

(2) Read resolution No. III, dated 30th July 1909, of the Hassan Municipal Council on this subject.

Resolution.—Resolved that a reference be made to Government, as resolved by the Hassan Municipal Council so that this Board may be informed of the approximate cost for each person and attendant sent to the Pasteur Institute at Coonoor.

III. Read Government Proceedings No 12982-4—Ml. 182-08-9, dated 24th June 1909, ordering that the cost of the two wells (sunk for the purpose of water-supply at Arsikere) is Rs. 10,625 which will be met from the closing balance in favor of the Arsikere Municipality and requesting the Comptroller to credit the sum of Rs. 2,785 (allotted by the Revenue Commissioner for a well at Arsikere) to the funds of that Municipality. Deducting this amount the net charge on the Municipality for the two works is Rs. 2,840 and consequently it seems equitable to distribute this sum between the Municipality and the District Board, and

requesting the President to place this matter before the District Board and submit their opinion, pointing out the source from which the sum of Rs. 3,920 can be met.

Resolution.—Resolved that half the cost, *viz.*, a sum of Rs. 3,920, be met from Rs. 4,208 being the unutilized balance of the Special Distress contribution given as a grant-in-aid to District Funds.

IV. Read Government Proceedings No. 12731-2—L. B. 395-08-2, dated the 17th June 1909, sanctioning as a tentative measure, the recommendation of the District Board in the matter of selling the right of collection of tolls at the toll-gates in the district, for a term of two years, instead of annually; and requesting the President to report the results of the sales for 1909-10 and 1910-11 with a statement showing the annual income at the several toll-gates, during the past ten years, or, from the date of opening them, if they were opened earlier.

Resolution.—Resolved that the results of the several toll-gate sales for 1909-10 and 1910-11 be sent up to Government with a statement of the past ten years' figures as called for.

V. Read the General and Revenue Secretary's docket No. 1098—Med. 141-07-6, dated 29th July 1909, forwarding copy of letter No. G. 427, dated 19th January 1909, from the Senior Surgeon, together with copy of docket No. 388, dated 25th May 909, addressed by the Executive Engineer, Hassan Division, to the Superintending Engineer, Western Circle, on the subject of construction of a separate building for the dispensary at Saklespur, and requesting the President to state as to what amount the District and Municipal Boards can afford to place at the disposal of the Public Works Department, during the current year, on account of the contribution payable from District and Municipal Funds, for the several works referred to in the Senior Surgeon's letter.

Resolution.—Resolved that this Board are of opinion that the cost of all the original works proposed should be met from Provincial Funds and that one-third of the cost of the repairs (which in all amounts to Rs. 420), *viz.*, a quota of Rs. 140, may be met out of Rs. 1,000 provided under "IX Contribution (3) cost of repairing the Local Fund Dispensaries" in the District Fund budget for 1909-10.

VI. (1) Read the General and Revenue Secretary's docket No. 411-4—L. B. 105-08, dated 12th July 1909, calling for a report on the working of the scheme of awarding prizes to patels for keeping the villages in their charge, in a satisfactory sanitary condition.

(2) Read also the reports received from the Amildars on the subjects.

Resolution.—Resolved that a reference be made to Government proposing that owing to the difficulty of working the present scheme, on account of the disparity in the number of houses in several villages compared, it is desirable to classify the several villages of a taluk, according to size, making the three prizes available to be competed for by each of the three classes of villages and that this system may be tried tentatively during 1909-10.

VII. (1) Read the Hassan Division Executive Engineer's docket No. 63, dated 8th March 1909, forwarding for countersignature, a project amounting to Rs. 8,200 for restoring Mugalur-Doddakere and stating that a cart-track connecting the country, from Bylahalli to Hassan, runs on the bund of this tank. That an estimate for Rs. 454 for providing a cart-track on the bund, adhering to the old line, is prepared, that this cost will have to be met from District Funds and requesting that necessary arrangements may be made to grant funds, so that the restoration of the bund and forming the cart-track may be worked out simultaneously.

(2) Read correspondence ending with report No. 3, dated 3rd July 1909, from the Amildar of the Hassan Taluk, stating that the villagers plead their inability to pay any contribution but request that the cart-track may kindly be made for them.

Resolution.—Resolved that this Board cannot afford to provide the cost necessary for making the bund sufficiently wide so as to enable carts to pass over it. Hence the reserve of ten feet below the toe of the rear slope of the bund of this major tank may be enforced, which will be quite wide enough to enable carts to pass along that reserve, instead of passing over the bund as at present.

VIII. Read the Executive Engineer's docket No. 173, dated 10th May 1909, forwarding copy of the Assistant Engineer's docket No 406, dated 26th October 1907, regarding the deviation of the Local Fund road so as to pass below the Budanur tank-bund in Arkalgud Taluk Hassan District, and rejoin the existing alignment of the road near the Yedatore Taluk frontier in the Mysore District.

Resolution.—Resolved that the attention of the Executive Engineer be invited to the resolution of the Mysore District Board, (copy of which was previously sent to him), requesting the favour of early compliance therewith.

IX. Read the Hassan Division Executive Engineer's docket No. 274, dated the 29th July 1909, stating that as new boats could not be supplied last year to the Ramanathpur and

Gorur ferries, the reappropriated amount lapsed, and requesting therefore that Rs. 883, being the estimated cost of the three new boats, etc, and also of the new platform, may be placed at his disposal and the estimates returned countersigned.

Resolution.—Resolved that the estimates amounting in all to Rs. 773 as now modified, be countersigned and returned to the Executive Engineer for execution, the cost being met out of Rs. 1,000 provided under "A. Public Works, I Original" in the District Fund Budget for 1909-10.

Resolution.—Resolved that the four estimates be countersigned for Rs. 108 in all and returned to the Executive Engineer, the cost being met from Rs. 410 provided under "A. Public Works-II, reserve under repairs" in the District Fund Budget for 1909-10.

XIII. Read the Executive Engineer's dockets Nos. 243 and 244, dated the 26th June 1909, forwarding for countersignature estimates amounting to Rs. 37 and 27 for putting up monsoon thatties to the Local Fund Dispensary buildings at Saklespur and Haubal, respectively, in the Manjarabad Taluk, and requesting that the quota of District Fund and Municipal contributions may be paid.

Resolution.—Resolved that the two estimates amounting to Rs. 25 in all, being the District Fund quota, be countersigned and returned to the Executive Engineer, the cost being met out of Rs. 1,000 provided under "IX. Contribution (3) Local Fund Dispensary Repairs."

XIV. (1) Read the Senior Surgeon's Memo No. 90, dated the 6th July 1909, forwarding copy of Superintending Engineer's No. 3176, dated 28th June 1909, in the matter of constructing compound walls to nine dispensary buildings in the Hassan District at a total cost of Rs. 28,145, of which the District Fund share amounts to Rs. 11,729 and requesting that necessary funds be placed at the disposal of the Public Works Department.

(2) Read also the Executive Engineer's docket No. 249, dated 28th June 1909, forwarding a copy of Government Proceedings No. 7731-40—Med., 35-06-4, dated 6th March 1907, *in re* the construction of compound walls to dispensaries.

Resolution.—Resolved that this Board find that it is quite impossible to meet even the District Fund quota of the cost of erecting the compound walls, considering the present state of District Funds, and recommend that the proposal be deferred until the District Funds improve; live fences round the compounds of dispensaries being in the meanwhile kept up by the dispensary servants, as ordered by the Senior Surgeon sometime b ck.

XV. Read the Channel Conservancy Division Executive Engineer's Memo No. 539, dated 24th July 1909, forwarding copies of correspondence connected with the maintenance of a cart-track connecting Mallarajpatna with Krishnarajkatte in the Arkalgud Taluk; and requesting that arrangements may be made for payment of Rs. 80 per annum from District Funds towards the up keep of the cart-track.

Resolution.—Resolved that provision of Rs. 80 per annum be made in the District Fund Budget with effect from the ensuing year 1910-11 as mileage allotment for the maintenance of this useful cart-track of 2½ miles as a District Fund road thereafter.

XVI. (1) Read again Government Proceedings No. 7397-405—L. B. 432-06, dated 6th February 1909, ordering that the schedule of rates should be revised once a year at the 1st meeting of the District Board in the official year, a copy of the same being submitted to Government.

(2) Read the reports from the Amildars of Taluks in the matter.

Resolution.—Resolved that as the schedule of rates applied for to the Executive Engineer, Hassan Division, has not yet been received for comparison with that of the District Board, this subject be adjourned to the next meeting, requesting the Executive Engineer in the meanwhile to expedite the preparation of the Public Works Department schedule.

XVII. (1) Read the Saklespur Sub-Division Assistant Commissioner's letter No. 904, dated 24th May 1909, recommending that it is necessary to establish a weekly sante at Siddapur in the Alur Sub-Taluk on Tuesdays.

(2) Read also resolution No. XIII, dated 25th February 1909.

Resolution.—Resolved that this Board do not agree that Siddapur in Alur Sub-Taluk is a good place for establishing a weekly fair (sante) as it is in a corner inaccessible from existing roads. Moreover it is within 3 miles of the existing sante at Gorur in the Hassan Taluk.

Further resolved that a sante be recommended to be established at the Hobli headquarters of Kundur, which is connected with other parts by District Fund roads and where there is a Police station.

XVIII. Read resolution No. XIV of the District Board meeting dated the 25th February 1909 in the matter of a revised estimate for sinking a well at Muttugada Hosur in the Arkalgud Taluk.

Resolution.— Resolved that the revised estimate for Rs. 792 be sent up to Government for sanction with a recommendation that the higher rates of Rs. 16, 17 and 18 for blasting at the 5th, 6th and 7th fathoms respectively, be passed owing to the extreme hardness of the rock, to blast which no contractor will undertake the work at lower rates.

XIX. Read the following for the information of the District Board :—

(1) Government Proceedings No. 12505-6—L. B. 154-08-18, dated the 12th June 1909, sanctioning the completion of the well works according to the revised estimates at Masavanaghatta and Somasettihalli villages in the Channarayapatna and Arsikere Taluks respectively, with the observation that in the absence of specific provision in the budget, or, in the list of incomplete works, to meet the excess cost, sanction of Government should have been solicited.

(2) Government Proceedings No. R. 10547—Agri. 69-08-87, dated 14th June 1909, recording the communication from the President of the Hassan District Board, conveying the thanks of the Board to the Government for the allotment of special funds for drinking water wells, etc., in this district.

(3) Government Proceedings No. 12733-5—L. B. 372-08-6, dated the 17th June 1909, observing that the excess provision made in the budget for 1909-10 in respect of "contribution" towards repairs to dispensary buildings, should not be utilized without obtaining the previous sanction of Government on a separate communication.

(4) Government Proceedings No. 12816-7—L. B. 183-08-6, dated 21st June 1909, sanctioning the re-appropriation of Rs. 650 for the purchase of new boats, etc., to the Ramanathpur and Gorur ferries.

(5) Government Proceedings No. 12819-29—L. B. 55-93, dated 21st June 1909, passing orders regarding the arrears of pay due to certain midwives and directing that their pay should in future be at a uniform rate of Rs. 15 per mensem, with prescribed local allowances.

(6) Government Proceedings No. 111-20—L. B. 200, dated the 5th July 1909, recording the several letters from the Presidents of the District Boards as also from the Chief Engineer, relating to the proposal to give up maintaining from District Funds roads leading to private estates.

(7) Government Proceedings No 13147-8—L. B. 350-08-5, dated the 29th June 1909, sanctioning an estimate amounting to Rs. 800 for deepening a well at Kabbal, Channarayapatna Taluk, towards which, the people paid contribution to the extent of Rs. 800 and ordering that the cost be met out of the allotment sanctioned for B. Public Works in the budget for 1909-10, any additional grant that may be required in consequence being applied for in due course.

(8) Government Proceedings No. 514-7—L. B. 169-08-15, dated 14th July 1909, observing that there is necessity for any grant-in-aid to be given by Government towards the cost of special repairs to the Channarayapatna-Tiptur road and authorizing the Comptroller to debit the charge to the accounts of District Funds for 1908-09.

Resolution.—Recorded.

XX. (1) Read the Hassan Division Executive Engineer's memo No. 266, dated 22nd July 1909, forwarding copy of his docket No. 561, dated 22nd July 1909, addressed to the Superintending Engineer, stating that pending receipt of orders he has directed the supervisor not to proceed with the work of special repairs to the said road.

(2) Read the General Assistant Commissioner's yadi No. 148, dated 29th July 1909, expressing an opinion that there is no necessity at present to continue the special repairs, since the seasonal conditions have greatly improved.

Resolution.—Resolved that the work of special repairs is now no longer necessary. As the Executive Engineer now says that the amount already spent has been on collection of materials only, he may be requested to effect the spreading of materials, as far as possible, from the usual mileage allotment of Rs. 60.

XXI. (1) Read the General and Revenue Secretary's docket No. 10965—L. B. 169-08-12, dated the 5th May 1909, requesting the President to consult the District Board, regarding the debit of the cost of special repairs to Kikkeri-Ippaiya road, which was ordered to be taken up when the village works are exhausted and other relief works are not available.

(2) Read the Hole-Narsipur Taluk Amildar's report No. 453, dated 11th May 1909, stating that there is no necessity for this work, as coolies are engaged in agricultural operations owing to the fall of good showers of rain in the taluk.

Resolution.—Resolved that there is no necessity for the work of special repairs to this road which was not started at all and consequently no expenditure has been incurred.

XXII. Read extract of para IV of letter No. 29—Mis., dated 5—20th July 1909, received from the Assistant Commissioner, Saklespur Sub-Division, stating that the cart-track proposed by Mr. Muttappa, from Bhaktaravalli to join Kattaya-Hallibyle road, if opened would be useful to certain villages and that Mr. Muttappa promises to pay a contribution of Rs. 150 towards the cost of the work.

Resolution.—Resolved that Mr. H. Muttappa, retired Assistant Conservator of Forests, be addressed from the President's office, concerning the opening of the proposed road and his promised contribution of Rs. 150 towards cost of the same.

Further resolved that the Deputy Amildar of Alur be requested to enquire and report the length and trace of the road as also its cost, at the same time, sending up the resolution of the Alur Taluk Board on the subject.

XXIII. Read Hassan Taluk Amildar's report No. 1053, dated the 30th June 1909, submitting a bill for Rs. 66-0-8 for deepening the well at Kattaya, the estimate for which, amounting to Rs. 70 had been sanctioned in August 1905, but the work was not then carried out.

Resolution.—Resolved that the fresh estimate for Rs. 67 be sanctioned under provision of Rule 94 of the Local Boards Rules, the cost being met out of Rs. 775 provided under "B. Public Works I. Original Works" of the Hassan Taluk in the District Fund budget for 1909-10.

XXIV. Read the General and Revenue Secretary's docket No. 407—L. B. 405-082, dated 12th July 1909, calling for further particulars *in re* the establishment of toll-gate at Karehalli on the Channarayapatna-Tiptur road.

XXV. Read letter from the undermentioned District Board member representing his inability to attend the meeting:—Mr. K. Ramashetti, Hole-Narsipur.

Resolution.—Recorded.

XXVI. Read Saklespur Assistant Commissioner's yadi No. 27—414, dated 5th August 1909, submitting a copy of the Manjarabad Taluk Board's resolution, recommending that the provision of Rs. 100 available in the current year's District Fund budget for road repairs at Yeslurpet, may be utilized for purchase of lamp-posts and lighting during the year, since this is more necessary than repairs to the roads which are now in good order.

Resolution.—Resolved that sanction of Government be obtained to utilize the above provision for purposes of lighting in Yeslurpet Union, Manjarabad Taluk, instead of road repairs.

XXVII. Read the attached list of budgetted works, received from the taluks.

Resolution.—Resolved that the estimates for the 22 budgetted works included in the appended list be sanctioned and returned to the respective Amildars for execution.

7. The President should prepare a consolidated bill and send it up with the individual bills containing the certificate to the Comptroller for audit. After audit, he should issue cheques to the Amildars for payment. (4) Small lot loans	9,755	0	0	9,025	13	8

The repayments of loans by members have been fairly regular, and it was found necessary to prefer a claim in only one case for the recovery of a loan of Rs. 10.

Interest.—The total amount of interest realised under all heads was Rs. 1,313-4-6.

3. *Meetings.*—Two general meetings and 37 meetings of the Directors were held during the year. At the general meeting held in April 1908, the report on the working of the Bank for the year 1907, was adopted, and the Bank declared a dividend of 13·02 per cent per annum on the average paid-up share capital.

4. *Audit and inspection.*—The audit for the year was conducted by Mr. T. Lakshminarasimha Rao, B.A., B.L., Assistant Comptroller, to whom my thanks are also due for his disinterested labors in this respect.

The books of the Bank were inspected by me in the beginning of the year. The Inspector of Co-operative Societies examined the outstanding loans up to July 1909.

5. *Establishment.*—The business of the Bank was managed with the minimum establishment of a clerk on Rs. 7 and a night watchman on Rs. 3 per mensem. The remuneration earned by the Directors amounted to Rs. 183-6-5.

6. *Profits.*—Out of a gross earning of Rs. 1,321-9-8 the working charges were met to the extent of Rs. 404-9-3, which left a net profit of Rs. 917-0-5 for distribution as follows:—

Reserve Fund	183	6	5
Dividends to members	550	3	7

The dividends to be distributed work up to $8\frac{1}{3}$ per cent per annum on the average paid-up capital.

7. *Reserve Fund.*—The total Reserve Fund of the Bank, amounting to Rs. 222-7-5, is at present mixed up with the working capital. It should be set apart and invested in the Savings Bank and should not be utilized for any purpose without the previous permission of the Registrar.

8. *General remarks.*—I am afraid that the lines on which this Bank is being developed point to its proper place being among the joint-stock banks of capitalists and not among Co-operative Societies. It will be a question for consideration in the future, whether the exemption from stamp duties and registration fees so generously granted by Government for the benefit of borrowers should be continued to this Bank, when it can afford to distribute dividends at the high rates mentioned above.

In deference to the wishes of the Directors, the names of the defaulters have been withheld from publication. It is hoped that, in the interests of the general body of members, the Directors will insist upon punctuality of repayment of their dues on part of the borrowers, and adopt early measures for recovery in the cases of existing defaulters. There are more reasons than one why penal interest should not be looked upon as a source of income to the Bank.

M. SHAMA RAO,
Registrar.

	1907-08.	1908-09.
Chikmagalur	16,301	15,054
Tarikere	11,219	11,972
Birur	11,766	11,052

Resolution.—Recorded.

3. Read (*a*) Statement of cases treated in the Veterinary Hospital at Chikmagalur, of which the following is an abstract :—

May 1909.	June 1909.
727	651

(*b*) Statement showing the number of cattle inoculated by the Assistant Veterinary Inspector of Chikmagalur during the month of July 1909.

4. Read Secretary's docket No. 410—L. B. 115-08-9, dated 12th July 1909, calling for the submission of the views of the District Board in the matter of awarding prizes to patels for keeping their villages in a satisfactory sanitary condition.

The Board is unanimously of opinion that the system of granting rewards is not likely to have any effect in improving the sanitation of the villages.

5. Read Secretary's letter No. 12783—L. B. 228-08, dated 18th June 1909, stating that a sum of Rs. 1,000 is required for meeting the District Fund quota towards the proposed construction of quarters for the Hospital Assistant and midwife at Koppa and requesting not to utilize allotments under certain items in the District Fund Budget for 1909-10, until further orders.

The Board is of opinion that with the exception of the provision made for the repairs of the Jodikatte musafirkhana all the other items specified in the Secretary's letter relate to urgent works and are required for them. The provision made for unforeseen expenditure is very small and will be required for appropriations in the course of the year for unexpected demands which may arise. In the present state of the District Fund finances, the Board is absolutely unable to spare any funds for the Koppa Hospital Assistant's quarters though they are fully alive to the necessity for it and it would beg of the Government to relieve the Board from all participation in the cost of the building.

6. Read docket No. 12700—L. B., dated 17th June 1909, from General and Revenue Secretary, calling for certain information in respect of Jodikatte musafirkhana and requesting to be informed whether the District Board are agreeable to hand over the building to Government for any purpose they may consider useful.

The Board is of opinion that the musafirkhana at Jodikatte is not of much use to the public as it is on the railway line five miles only from Birur on the one side and nine miles from Tarikere on the other and that it may be handed over to Government for any purpose for which they may require it.

7. Read letter No. 12402-12—Med. 2-08, dated 10th June 1909, from General and Revenue Secretary, calling for the views of the District Board in the matter of meeting from District Funds the expenses of the treatment of indigent persons bitten by rabid animals if they are residing outside the municipality. The Board is willing to bear the cost of the treatment of indigent persons bitten by rabid animals in the district outside municipalities and sent to the Coonoor Pasteur Institute.

8. Read Government Order No. 111-20—L. B. 200-06-20, dated 5th July 1909, recording the resolution of the District Board regarding the maintenance of Chokkanna's Estate road and Doubla Estate road out of District Funds.

Resolution.—Recorded.

The voting by the non-official members resulted in the election of Messrs. Santappasetti and Shama Rao, who got the highest number of votes.

10. Read list of works undertaken from the Revenue Department during 1908-09, but remaining incomplete at the close of the year and requiring an appropriation of Rs. 2,338 for their completion during the current year.

ISSUE OF CURRENCY NOTES.

No. 2122—*B. and R.* 345-53, *dated* 6—7*th October* 1909.

From—*J. S. Chakravarti, Esq., M.A., F.R.A.S., etc., Comptroller, Mysore Government, Bangalore.*

To—*The Deputy Commissioners, Treasury Department, of Districts and the Officer in charge, State Huzur Treasury.*

From the large and frequent indents for currency notes that are being received in this office and the way in which the notes received in some of the treasuries are absorbed in those treasuries, it is evident that the demand for currency notes from the public is great and that the treasuries have been issuing them freely without regard to the principles underlying their issue. Article 608 of the Civil Account Code permitting the supply to all comers of currency notes under certain conditions, has apparently been taken in the majority of cases as a general authority for issuing currency notes in all cases and under all conditions. To regulate, therefore, the issue of currency notes, the undersigned has the honor to issue the following instructions for the guidance of all treasuries which, it is requested, may be strictly followed in future.

2. The general rule that should be borne in mind in issuing currency notes to the public is that this accommodation can be given them only when it can be done without inconvenience to Government. The following special instructions may, however, be noted for observance :—

(1) There is ordinarily no objection to pay claims on Government in currency notes if so required.

(2) *Bona fide* travellers requiring currency notes in exchange for cash may be given currency notes up to a maximum limit of Rs. 200.

(3) At surplus treasuries where the cash balance in coins is strong, currency notes should not be given in exchange for cash, as such exchange will throw on the State the expense of remitting specie to the reserve treasury. Such exchange is all the more objectionable when there is reason to believe that the notes asked for in large quantities are intended for remittance elsewhere in connection with trade. In exceptional circumstances, however, such as those of famine or distress when notes are largely in demand for importing food grains, etc., Government will arrange to supply the treasuries with notes to the extent required irrespective of considerations of cost.

(4) At deficit treasuries (*i.e.*, where the cash receipts are less than the expenditure) currency notes may be issued in exchange for cash to any extent available after the requirements mentioned in Rules (1) and (2) have been sufficiently met.

(5) In treasuries in which the receipts are generally in currency notes, there should be no objection either to a free issue of currency notes or exchange of currency notes for cash provided that care is taken to see that any surplus that may have to be remitted to the Head-quarters from such treasury shall be in currency notes as far as possible.

J. S. CHAKRAVARTI,
Comptroller.

The applications for shares should be made to the Directors at either of the Offices or to the Company's Bankers.

PROSPECTUS.

1. The principal object among others with which this Company has been formed, is to construct, equip and work a line of Light Railway on 2′—6″ gauge between Bangalore and Chikballapur (a rising town of great importance), a distance of 38 miles to begin with and eventually to extend the line towards Madanapalli *via* Sidlaghatta and Chintamani on one side and towards Hosur *via* Anekal on the other.

2. The country through which the line is proposed to be taken is noted for agricultural and industrial activity; the road traffic both of passengers and goods is very heavy, while as to construction of the line, the country offers no engineering difficulties; there are no rivers to cross; and ballast and stone, lime and concrete required for construction are procurable at several places by the side of the line itself.

3. The most important feature of this Company, which ought to attract every capitalist, is the offer by the Government of Mysore of a guarantee of four per cent interest on the Capital expenditure of the Company. The construction of the line has been sanctioned by the Government of India. The no less valuable concessions, namely, the free grant of Government lands and the permission to utilize the existing Government roads, wherever the gradients admit of such roads being used for the Railway, very considerably help to keep down the cost of construction. Further, the Government have authorised the giving of interest on Capital during construction charging the same to Capital Account as is usually done.

4. The revised estimates carefully prepared by the Company's Engineer and accepted by Government, work out to Rs. 13,73,278 for the construction and equipment of the line of 38 miles from Bangalore to Chikballapur.

Estimated Revenue.

5. [Extract from letter of K. P. Puttanna Chetty, Esq., Second Councillor to the Government of His Highness the Maharaja of Mysore, dated 5th May 1903.]

"The estimate of traffic" [made by Mr. K. R. Srinivasa Iyengar, M.A., Assistant Commissioner, especially deputed for the purpose] "is a cautious one, and may be accepted as representing the minimum traffic which will be carried by the new Railway. If allowance is made for the normal development which may be expected to take place in view of the facilities which will be afforded by the Railway, this estimate is susceptible of an increase of 10 per cent for prospective traffic."

The estimate referred to above is as follows:—

		Per annum. Rs.
Passengers—7,000 miles a day, which even at the 3rd class rate of 3 pies per passenger mile ...	say	... 40,000
Goods—About 600,000 ton miles at 15 pies ...	say	... 47,000
Mails, parcels, etc.		... 5,000
	Total	... 92,000

According to a more recent Traffic Survey made by one of the officers of the Madras and Southern Mahratta Railway Company, the estimated revenue under the above heads (*viz.*, Passengers Rs. 43,344, Goods Rs. 65,738, and Mails Rs. 5,000) amounts to Rs. 1,14,082. The increase is in itself a sufficient indication of the rate of progress in the future development of the country served by the proposed line.

From this gross revenue of Rs. 1,14,082 if deduction be made for working expenses, the net profit works out to Rs. 56,000 per annum, which is equivalent to over 4 per cent on the estimated expenditure.

6. Special stress must be laid on the fact that, while the above estimates of cost of construction are based on *maximum* calculations, the estimates of anticipated revenue represent the *minimum*. To Mr. K. Puttanna Chetty's remarks on this point, which are quoted above, may be added the following

EXTRACT FROM AN OFFICIAL REPORT.

submitted by Mr. K. R. Srinivasa Iyengar, M.A., Assistant Commissioner, who was deputed to help Mr. Puttanna Chetty in the investigation of the traffic statistics of the proposed line, and whose report is described by that gentleman as clear and exhaustive :—

> "I have taken every care to see that the estimate does not err on the side of excess, and I therefore venture to believe that it may be taken to represent the minimum quantity that may be carried by the Railway."

These figures and reports speak for themselves. It is an established fact that by the opening up of Railway communications the traffic is greatly developed, resulting in the increase of revenue and larger profits. Such are the prospects of earning higher dividends by the shareholders, whose return is guaranteed to be at least 4 per cent by the Government.

7. In consideration of the services rendered, the Honourable Mr. Vithaldas Damodher Thackersey is appointed *Ex-officio* Managing Director of the Company, on a remuneration mentioned in the Articles of Association which is open for inspection at the Company's Offices.

8. Copies of Prospectus and forms of application can be obtained, and the Memorandum and Articles of Association may be had, on payment of two annas per copy, at the Registered Office in Bangalore, or at the Company's Office in 12 Hummum Street, Fort, Bombay; and application for shares accompanied by the deposit money may be sent to the Secretary to the Board at Bangalore, or to the Managing Director in Bombay, or to the Company's Bankers.

Resolution.—The schedule received from the Executive Engineer is read and approved by the Board. A copy thereof will be submitted to Government.

2. Read Government Proceedings No. 1659-67—L. B. 58-08-32, dated the 14th August 1909, laying down that the previous sanction of Government should always be obtained for the execution of non-budgetted works proposed to be met by re-appropriation out of funds sanctioned in the budget, though the total allotment may not be exceeded, and Government Proceedings No. 2840-3—L. B. 82-08-17, dated the 22nd September 1909, directing that, though the District Board are competent to sanction the appropriation of funds from one minor head to another under the same major head, sanction of Government is necessary to the execution of non-budgetted works.

Resolution —Recorded.

3. Read Government Order No. 1159—L. B. 332-08-4, dated the 31st July 1909, informing the President that the employment of the Public Prosecutor to represent the District Board in the case relating to the claim of Settar Adivappa for compensation in respect of certain immovable property acquired for effecting Sanitary improvements in the Siralkoppa Union, should be placed before the District Board for their information, as it involves expenditure of District Funds in addition to the amount of compensation payable.

Resolution.—Recorded.

4. Read General and Revenue Secretary's letter No. 13014—L. B. 192-08-10, dated the 26th June 1909, forwarding the petition dated the 18th April 1909, from Puttappa and others of Hadigere village in the Channagiri Taluk, praying for the abolition of their village Union administration and calling for the views of the District Board in the matter.

Resolution.—The formation of Union panchayets being for the benefit of the villagers concerned, the proposal of a few of the villagers of Hadigere to abolish the Union administration in their village is absurd.

The Union Panchayet of Hadigere at their meeting held on the 23rd September 1909 have expressed themselves in favor of the retention of the Union administration, provided (1) that the house tax which is high be revised, (2) that the villagers be allowed to picket cattle in the public streets and (3) that they may be allowed to have granary pits in front of their houses in the middle of the streets.

The District Board are of opinion (1) that the rates of house tax sanctioned by Section 20, clause 2, of para 1 of the Local Fund Regulation are the maximum rates and that each case of overtaxation should be enquired into and dealt with on its own merits; (2) that cattle should not be allowed to be picketed and grain pits excavated, in the public streets, and (3) that the Union Panchayet at Hadigere should not be abolished.

5. Read Government order No. 1577-84—L. B. 394-08-4, dated the 12th August 1909 regarding the desirability of having rules framed under Section 17 of the Local Board Regulation as regards the dates of meetings of the District Board and the issue of notices intimating the same to the members.

Resolution—Resolved that a committee consisting of the Vice-President and Messrs. Brockbank and C. Subba Rao be appointed to draw up a set of rules under Section 17 of the Local Board Regulation and submit the same for the approval of the board at its next meeting. The practice prevailing in this district of fixing the date of the next meeting at the close of a meeting and of issuing notices of the next meeting to all the members six days before the date fixed seems sufficient.

6. Read Government Proceedings No. 1774-5—L. B 54-09-2, dated the 18th August 1909, sanctioning an estimate of Rs. 425 for repairing the musafirkhana at Shikarpur and authorising the President to incur this expenditure out of the provision for new works under "B. Public Works" in the current year's budget.

Resolution.—The budget provision under B. "Public Works" for the Shikarpur Taluk is Rs. 694 for original works and Rs. 550 for repairs to roads in unions. It is impossible to appropriate funds from this head for the repair of the musafirkhana at Shikarpur and the board request that the Government may be pleased to allot funds for the work from the cash balance at the credit of the District Funds. The estimate for Rs. 425 is sanctioned.

7. Read Government order No. 1432-9—L. B. 52-99-1, dated the 10th August 1909, requesting the Presidents of the District Boards to suggest in consultation with the Boards any additions to or alterations in clause (*f*) of para 132 of the Local Board Regulation enjoining that certain items of revenue derived from a union shall be wholly appropriated for the purposes of the union.

8. Read Shimoga Division Executive Engineer's docket No. 877, dated the 1st September 1909, forwarding type plans of different classes of musafirkhanas in connection with the preparation of an estimate for the construction of a musafirkhana at Mandagadde.

Resolution.—The type plan of a 4th class musafirkhana may be adopted. The Executive Engineer will be requested to prepare an estimate for the musafirkhana at Mandagadde providing for stone walls and Mangalore tiled roofing.

Read Shimoga Division Executive Engineer's No. 814, dated the 10th August 1909, forwarding for sanction and provision of funds an estimate for Rs. 3,638 for special repairs of the Shiralkoppa-Herekerur road.

Resolution.—The estimate is approved and will be sent up to Government for sanction with a recommendation that as there is heavy traffic on this road, an allotment of Rs. 2,000 be sanctioned from the closing balance as a special case.

10. Local Fund Administration Report of the Shimoga District for the year 1908-09.

Resolution.—The draft is read and approved.

10. List of incomplete works for the year 1908-09.

Resolution.—The list amounting to Rs. 7,367-0-2 is approved. The funds required are recommended to be allotted from lapses out of the grants from the District Fund budget and from the funds allotted for relief purposes during the year 1908-09. It is not advisable that the works commenced last year should be abandoned.

12. Read Government Proceedings No. 198-201—L. B. 226-08-10, dated the 7th July 1909, sanctioning the resumption of the grant of Rs. 1,310 for sinking a well at Chikjambur in the Shikarpur Taluk and requesting the President to arrange for the amount being met by reappropriation from sanctioned grants for the year 1909-10, since the budget for 1909-10 has already been sanctioned.

Resolution.—This well is important and the villagers have contributed Rs. 300 for the work. It is not practicable to arrange for the cost of Rs. 1,310 being met from the sanctioned grant for 1909-10. It is therefore recommended that the amount required be allotted from the closing balance and that the Public Works Department may be asked to take up the work at an early date.

13. Read President's proposal that the Dandi's post at the 3rd class travellers' bungalow at Umblibyle in the Shimoga Taluk may be abolished, since the services of the sweeper there are sufficient for all requirements.

Resolution.—There are at present one Dandi and one sweeper at the bungalow at Umblibyle. One sweeper will be enough. The Dandi may be dispensed with, but his services may be transferred to the musafirkhana at Ayanur where there is no sweeper at present.

14. Read Government Proceedings No. 2955-66—Med. 71-08-27, dated the 24th September 1909, requesting the President of the District Board to place at the disposal of the Public Works Department the District Fund quota Rs. 1,000 payable towards the cost of the construction of quarters for the Hospital Assistant and midwife at Sagar.

Resolution.—The Board observe that the construction of a dispensary at Siralkoppa is more urgent than quarters for the Hospital Assistant and midwife at Sagar, and recommend that the former work may be kindly sanctioned and taken in hand at once, the budget provision of Rs. 2,000 under "IX Contributions (4) construction of a dispensary and Hospital Assistant's quarters at Siralkoppa" being utilized towards the payment of the District Fund quota of the cost. The Board are unanimously of the opinion that the construction of quarters for the Hospital Assistant at Sagar may be deferred for the present.

15. Resolved that the next meeting be held on Saturday the 18th December 1909.

M. NARAIN RAO,
President.

PROSPECTUS.

1. The principal object, among others with which this Company has been formed, is to construct, equip and work a line of Light Railway on 2'-6" gauge between Bangalore and Chikballapur (a rising town of great importance), a distance of 38 miles to begin with and eventually to extend the line towards Madanapalli *via* Sidlaghatta and Chintamani on one side and towards Hosur *via* Anekal on the other.

2. The country through which the line is proposed to be taken is noted for agricultural and industrial activity; the road traffic both of passengers and goods is very heavy, while as to construction of the line, the country offers no engineering difficulties; there are no rivers to cross; and ballast and stone, lime and concrete required for construction are procurable at several places by the side of the line itself.

3. The most important feature of this Company, which ought to attract every capitalist, is the offer by the Government of Mysore of a guarantee of four per cent interest on the Capital expenditure of the Company. The construction of the line has been sanctioned by the Government of India. The no less valuable concessions, namely, the free grant of Government lands and the permission to utilize the existing Government roads, wherever the gradients admit of such roads being used for the Railway, very considerably help to keep down the cost of construction. Further, the Government have authorised the giving of interest on capital during construction charging the same to Capital Account as is usually done.

4. The revised estimates carefully prepared by the Company's Engineer and accepted by Government, work out to Rs. 13,73,278 for the construction and equipment of the line of 38 miles from Bangalore to Chikballapur.

Estimated Revenue.

5. [Extract from letter of K. P. Puttanna Chetty, Esq., Second Councillor to the Government of His Highness the Maharaja of Mysore, dated 5th May 1903.]

"The estimate of traffic" [made by Mr. K. R. Srinivasa Iyengar, M.A., Assistant Commissioner, especially deputed for the purpose] "is a cautious one, and may be accepted as representing the minimum traffic which will be carried by the new Railway. If allowance is made for the normal development which may be expected to take place in view of the facilities which will be afforded by the Railway, this estimate is susceptible of an increase of 10 per cent for prospective traffic."

The estimate referred to above is as follows:—

		Per annum. Rs.
Passengers—7,000 miles a day, which even at the 3rd class rate of 3 pies per passenger mile ...	say ...	40,000
Goods—About 600,000 ton miles at 15 pies ...	say ...	47,000
Mails, parcels, etc.	...	5,000
	Total ...	92,000

According to a more recent Traffic Survey made by one of the officers of the Madras and Southern Mahratta Railway Company, the estimated revenue under the above heads (*viz.*, Passengers Rs. 43,344, Goods Rs. 65,738, and Mails Rs. 5,000) amounts to Rs. 1,14,082. The increase is in itself a sufficient indication of the rate of progress in the future development of the country served by the proposed line.

From this gross revenue of Rs. 1,14,082 if deduction be made for working expenses, the net profit works out to Rs. 56,000 per annum, which is equivalent to over 4 per cent on the estimated expenditure.

6. Special stress must be laid on the fact that, while the above estimates of cost of construction are based on *maximum* calculations, the estimates of anticipated revenue represent the *minimum*. To Mr. K. Puttanna Chetty's remarks on this point, which are quoted above, may be added the following

EXTRACT FROM AN OFFICIAL REPORT.

submitted by Mr. K. R. Srinivasa Iyengar, M.A., Assistant Commissioner, who was deputed to help Mr. Puttanna Chetty in the investigation of the traffic statistics of the proposed line, and whose report is described by that gentleman as clear and exhaustive :—

> "I have taken every care to see that the estimate does not err on the side of excess, and I therefore venture to believe that it may be taken to represent the minimum quantity that may be carried by the Railway."

These figures and reports speak for themselves. It is an established fact that by the opening up of Railway communications the traffic is greatly developed, resulting in the increase of revenue and larger profits. Such are the prospects of earning higher dividends by the shareholders, whose return is guaranteed to be at least 4 per cent by the Government.

7. In consideration of the services rendered, the Honourable Mr. Vithaldas Damodher Thackersey is appointed *Ex-officio* Managing Director of the Company, on a remuneration mentioned in the Articles of Association which is open for inspection at the Company's Offices.

8. Copies of Prospectus and forms of application can be obtained, and the Memorandum and Articles of Association may be had, on payment of two annas per copy, at the Registered Office in Bangalore, or at the Company's Office in 12 Hummum Street, Fort, Bombay; and application for shares accompanied by the deposit money may be sent to the Secretary to the Board at Bangalore, or to the Managing Director in Bombay, or to the Company's Bankers.

PROSPECTUS.

1. The principal object, among others with which this Company has been formed, is to construct, equip and work a line of Light Railway on 2′—6″ gauge between Bangalore and Chikballapur (a rising town of great importance), a distance of 38 miles to begin with and eventually to extend the line towards Madanapalli *via* Sidlaghatta and Chintamani on one side and towards Hosur *via* Anekal on the other.

2. The country through which the line is proposed to be taken is noted for agricultural and industrial activity; the road traffic both of passengers and goods is very heavy, while as to construction of the line, the country offers no engineering difficulties; there are no rivers to cross; and ballast and stone, lime and concrete required for construction are procurable at several places by the side of the line itself.

3. The most important feature of this Company, which ought to attract every capitalist, is the offer by the Government of Mysore of a guarantee of four per cent interest on the Capital expenditure of the Company. The construction of the line has been sanctioned by the Government of India. The no less valuable concessions, namely, the free grant of Government lands and the permission to utilize the existing Government roads, wherever the gradients admit of such roads being used for the Railway, very considerably help to keep down the cost of construction. Further, the Government have authorised, the giving of interest on capital during construction charging the same to Capital Account as is usually done.

4. The revised estimates carefully prepared by the Company's Engineer and accepted by Government, work out to Rs. 13,73,278 for the construction and equipment of the line of 38 miles from Bangalore to Chikballapur.

Estimated Revenue.

5. [Extract from letter of K. P. Puttanna Chetty, Esq., Second Councillor to the Government of His Highness the Maharaja of Mysore, dated 5th May 1903.]

"The estimate of traffic" [made by Mr. K. R. Srinivasa Iyengar, M.A., Assistant Commissioner, especially deputed for the purpose] "is a cautious one, and may be accepted as representing the minimum traffic which will be carried by the new Railway. If allowance is made for the normal development which may be expected to take place in view of the facilities which will be afforded by the Railway, this estimate is susceptible of an increase of 10 per cent for prospective traffic."

The estimate referred to above is as follows:—

		Per annum.
		Rs.
Passengers—7,000 miles a day, which even at the 3rd class rate of 3 pies per passenger mile ...	say	... 40,000
Goods—About 600,000 ton miles at 15 pies ...	say	... 47,000
Mails, parcels, etc.		... 5,000
	Total	... 92,000

According to a more recent Traffic Survey made by one of the officers of the Madras and Southern Mahratta Railway Company, the estimated revenue under the above heads (*viz.*, Passengers Rs. 43,344, Goods Rs. 65,738, and Mails Rs. 5,000) amounts to Rs. 1,14,082. The increase is in itself a sufficient indication of the rate of progress in the future development of the country served by the proposed line.

From this gross revenue of Rs. 1,14,082 if deduction be made for working expenses, the net profit works out to Rs. 56,000 per annum, which is equivalent to over 4 per cent on the estimated expenditure.

6. Special stress must be laid on the fact that, while the above estimates of cost of construction are based on *maximum* calculations, the estimates of anticipated revenue represent the *minimum*. To Mr. K. Puttanna Chetty's remarks on this point, which are quoted above, may be added the following

EXTRACT FROM AN OFFICIAL REPORT.

submitted by Mr. K. R. Srinivasa Iyengar, M.A., Assistant Commissioner, who was deputed to help Mr. Puttanna Chetty in the investigation of the traffic statistics of the proposed line, and whose report is described by that gentleman as clear and exhaustive :—

> "I have taken every care to see that the estimate does not err on the side of excess, and I therefore venture to believe that it may be taken to represent the minimum quantity that may be carried by the Railway."

These figures and reports speak for themselves. It is an established fact that by the opening up of Railway communications the traffic is greatly developed, resulting in the increase of revenue and larger profits. Such are the prospects of earning higher dividends by the shareholders, whose return is guaranteed to be at least 4 per cent by the Government.

7. In consideration of the services rendered, the Honourable Mr. Vithaldas Damodher Thackersey is appointed *Ex-officio* Managing Director of the Company, on a remuneration mentioned in the Articles of Association which is open for inspection at the Company's Offices.

8. I. Read the consolidated District Fund annual accounts for the year 1908-09, prepared by the Finance Committee and the District Fund Administration report for the same year.

Resolved.—Passed and resolved that the annual accounts and the Administration Report be sent up to Government.

II. Read the General and Revenue Secretary's letter No. 2298—L. B. 50-09-2, dated the 8th September 1909, requesting that the matter of forming a road between Banawar and Konanur so as to connect the Coorg District Board road from Somwarpet to Banawar now under progress may again be placed before the District Board of Hassan in the light of the circumstances stated by the Secretary to the Chief Commissioner of Coorg to the effect that the distance of the proposed road from Somwarpet to Konanur *via* Banawar is 16 miles, whereas that *via* Sirangal is 29 miles and hence the shorter road is more advantages for traffic.

Resolution.—Resolved that this Board are still of opinion that a regular District Fund road from Konanur to the Coorg frontier at Banawar is not a necessity as there is already a District Fund road from Konanur *via* Ullenahalli, Sirangal, Manajur joining the Sanivarasanthe road, and they are not in favor of a large outlay on construction of the proposed new District Fund road to be hereafter maintained from District Funds.

III. REVENUE DEPARTMENT.

Circular No. 5373-80, *dated* 20*th*—23*rd November* 1909.

The undersigned has the honour to draw the special attention of the Deputy Commissioners to Paras 1, 2, 4 and 5 of Government Proceedings No. 65-01—58-08-9 (P. W.), dated 6th August 1909, reviewing the Administrative Accounts of Major Irrigation Works for 1907-08, communicated with this office No. 3939-46, dated 22nd September 1909, and to observe as follows :—

2. In Government Proceedings No. R 16500-9—L. R. 705-05-2, dated 28th June 1906, it was directed that the Deputy Commissioners should submit the particulars due from the Revenue Department on or before the 15th August of each year. There has nevertheless been a delay every year in the submission of these particulars and in some cases figures are not being furnished. The only reason assigned for this delay from time to time is that the information had to be obtained after much correspondence from the taluks. The necessity for such correspondence with the taluks is not clear. The Deputy Commissioners are therefore requested to ascertain the real causes of the delay and take such action as will obviate such delays in future.

3. The omission to furnish figures, particularly those showing the area of lands irrigated by and the revenue derived every year from each irrigation work (columns 21 and 8 of the Administrative Accounts), appears to be still less justifiable and calls for a closer examination. Up to the year 1905-06, there might have been some real difficulty in obtaining these particulars But since that year, the Village Revenue Accounts, Forms Nos. 3B, 3C, 3D, and 3E, and the Taluk Atchkat Registers (introduced by Government Proceedings No. R. 747-57—L. R. 44-98-4, dated 18th July 1905) should have rendered it possible to supply accurate information to show the extent of lands irrigated by each source of irrigation and revenue derived therefrom during any year. And there need be no necessity either for constantly revising the figures once furnished for any year.

4. The accounts referred to in the preceding paragraph, the Tank Book and the results of the periodical inspections made by the Amildars and the Revenue Sub-Divisional Officers made in accordance with the Tank Maintenance Rules must be of great help in accounting satisfactorily for a rise or fall in the area of lands irrigated by every important tank or channel and in the revenue thereof for any year, as compared with similar details for the previous year (in columns 12 and 14 of the statements furnished annually to the Comptroller). The Deputy Commissioners are therefore requested to draw the attention of the Amildars and Sub-Division Officers to the standing orders referred to above and insist upon proper attention being paid by them to the fluctuations in the revenue derived from all important irrigation works in their charges. The results of such enquiries should also be mentioned by the Revenue Sub-Divisional Officers in para 5 (*b*) of their annual Administration Reports.

5. As the object of the Administrative Accounts in question is to determine the remunerative nature of the outlay on all the large irrigation works in the State, it is very essential to examine the variations in the actual annual revenue from what was promised when the works were taken up, at any rate for those taken up with a view to increase the revenue. Columns 7, 9, 10, 11, 12, 20 and 21 of these accounts are intended to provide the materials required for this purpose. But, in several cases, these particulars are either not furnished or said to be not available, though, as stated in para 5 of the Government Order of 6th August 1909, the information should be available in the Taluk Offices.

6. In this connection, the Deputy Commissioners are also requested to state at an early date whether the detailed enquiries ordered in para 7 of Government Order No. R. 12251-60—R. M. 458-05-1, dated 23rd March 1906, with a view to ascertain the real causes of the poor return in the case of certain works, were duly instituted, and if so, the result of the same may be intimated.

No. 4.—Communications on post-cards or on paper less than half a sheet of foolscap, will not receive attention.

Circular No. 2123—*T.* 487, *dated* 11*th December* 1909.

To—The Heads of Offices and Departments, and Deputy Commissioners, Treasury Department.

Sir,—I have the honor to state that the system of drawing and accounting for money required for contingent expenditure is not clearly understood in some offices, and detailed bills in support of abstract contingent bills are not submitted within the time allowed. The items awaiting clearance in the objection books of my office are swelled in consequence, and I request that Heads of Offices and Departments will co-operate with me in effecting their adjustment promptly.

2. The certificate printed on the back of the abstract contingent bill (form Financial 22) requires the submission of detailed contingent bills for all contingent charges drawn prior to the 1st of the month in which the bill is presented at the Treasury for payment, if it is presented after the 15th of the month. The object with which this certificate is insisted upon is to ensure the submission of detailed bills for all abstract bills drawn in any month before the 15th of the following month, and this object is frustrated if, when such detailed bills are due, abstract bills are presented at the Treasury for payment between the 1st and 15th of any month. It has been observed in some cases that the drawing officer has signed the certificate though detailed bills in support of the abstract contingent bills drawn had not been sent to this office as therein required. The following are a few of such instances noticed by this office during the course of audit of these bills:—

1. E. C.—Dates of abstract contingent bills for August and September 1909 charged in the 2nd list with the certificates on the reverse are 20th August 1909 and 20th September 1909, while the date of the detailed contingent bill for July 1909 is 2nd October 1909.
2. S. G.—Out of the amounts drawn in June 1908, details for Rs. 1,350 have not till now been furnished but several abstract bills have been drawn after that with the certificate attached.
3. D. C. M.—The detailed contingent bill for December 1908 is dated 26th March 1909, though in the abstract contingent bills for February 1909 cashed on 27th February 1909, the usual certificate has been furnished.
4. D. C. S.—The detailed contingent bill for May 1909 is dated 24th August 1909 though in the abstract contingent bill dated 30th June 1909 the usual certificate has been furnished.

3. The note printed at the top of the bill and the note on the reverse thereof are defective. In accordance with the note, as now printed, the Treasury Officer cannot object to pay abstract contingent bills presented between the 1st and 15th of any month though detailed bills for sums drawn during any of the preceding months may not have been sent. The words "it bears date subsequent to the 16th and" the note on the top of the bill will therefore be omitted in future, and the following substituted for the note on the reverse of the bill:—

"*Note.*—The following certificate must be signed in all cases. If the bill bears date within the 15 of the month, the word '*Current*' may be changed to 'last.'" The Treasury Officer shall refuse to encash a bill unless the proper certificate is signed."

4.—Due intimation will be given from time to time, to the Treasuries, of the offices which do not submit their detailed contingent bills in time, and the payment of further abstract contingent bills stopped till the detailed contingent bills are submitted.

5. Should the Head of an office, for any reason, anticipate delay in furnishing a detailed bill for any unusual or special charge, he will apply to this office for extension of time for submitting it when the Treasury will be duly apprised of the fact and instructed to pay the officer's abstract contingent bill up to a specified date on the production of a certificate modified in respect of the special items. Such cases, it need hardly be observed, will necessarily be few.

6. The Superintendent of the Government Press will be requested to make the alterations noted in para 3 *supra* when next printing the form of the abstract contingent bill. The Heads of Offices are requested meanwhile to see that the alterations are made in manuscript till new forms are supplied by the Press.

7. The Treasury Officer should see that the above instructions are strictly observed and that the certificate on the back of the bill is in the proper form as provided for in para 3 *supra*.

I have the honor to be,
Sir,
Your most obedient servant,
J. S. CHAKRAVARTI,
Comptroller.

NOTICE.

No. 1.—The *Mysore Gazette* is published at Bangalore every Thursday. Application for the supply of the Gazette on *Public Service* should be addressed to the Secretary to the Government of Mysore, General and Revenue Departments. Postage is not charged for places within the Mysore Province. All subscriptions and advertisement charges are payable *in advance.*

No. 2.—It is hereby notified that, as Government Treasuries in Mysore are authorized to receive and credit Gazette subscriptions as well as publication charges remitted by Courts and other private parties, all such moneys should be sent to Treasuries and only Treasury receipts forwarded to this office. No money orders will be received by the undersigned except from outside the Province.

No. 3.—Much inconvenience is caused in this office by subscribers not giving their full and correct addresses, and writing illegibly on the money order coupons, which are unfit for record.

No. 4.—Communications on post-cards or on paper less than half a sheet of foolscap, will not receive attention.

No. 5.—An efficient system of check and counter-check is maintained over the despatching of Gazette copies forwarded through post. No responsibility will be accepted when copies miscarry, or are not delivered to addressees, and such losses will not be replaced by duplicate copies.

No. 6.—Complaints regarding non-receipt of the Gazette should be forwarded to the undersigned within a week after the date on which it is due.

No. 7.—Copy is sometimes sent to the Press late on Wednesday evenings for publication in the next day's Gazette. This involves considerable inconvenience to the Press and expense to Government. It is therefore notified that all matter intended for publication in Parts II, III and IV should reach this office not later than Tuesday evening, and that for Part I not later than the forenoon of Wednesday, for the following Thursday's issue of the Gazette.

No. 9.—Spare copies of notifications, etc., are often asked for long after their publication, when the matter has been broken up, necessitating its re-setting, causing inconvenience to the Press and waste of money. It is therefore requested that, when spare copies are wanted, a note to that effect, stating the number of copies, be made at foot of such notification, etc.

No. 10.—If no instructions, either at foot of notifications, or separately by docket, accompany any matter, it will be printed in the language in which it is written, and published only once.

Circular No. 2123—*T.* 487, *dated* 11*th December* 1909.

To—The Heads of Offices and Departments, and Deputy Commissioners, Treasury Department.

Sir,—I have the honor to state that the system of drawing and accounting for money required for contingent expenditure is not clearly understood in some offices, and detailed bills in support of abstract contingent bills are not submitted within the time allowed. The items awaiting clearance in the objection books of my office are swelled in consequence, and I request that Heads of Offices and Departments will co-operate with me in effecting their adjustment promptly.

2. The certificate printed on the back of the abstract contingent bill (form Financial 22) requires the submission of detailed contingent bills for all contingent charges drawn prior to the 1st of the month in which the bill is presented at the Treasury for payment, if it is presented after the 15th of the month. The object with which this certificate is insisted upon is to ensure the submission of detailed bills for all abstract bills drawn in any month before the 15th of the following month, and this object is frustrated if, when such detailed bills are due, abstract bills are presented at the Treasury for payment between the 1st and 15th of any month. It has been observed in some cases that the drawing officer has signed the certificate though detailed bills in support of the abstract contingent bills drawn had not been sent to this office as therein required. The following are a few of such instances noticed by this office during the course of audit of these bills:—

1. E. C.—Dates of abstract contingent bills for August and September 1909 charged in the 2nd list with the certificates on the reverse are 20th August 1909 and 20th September 1909, while the date of the detailed contingent bill for July 1909 is 2nd October 1909.
2. S. G.—Out of the amounts drawn in June 1908, details for Rs. 1,350 have not till now been furnished but several abstract bills have been drawn after that with the certificate attached.
3. D. C. M.—The detailed contingent bill for December 1908 is dated 26th March 1909, though in the abstract contingent bills for February 1909 cashed on 27th February 1909, the usual certificate has been furnished.
4. D. C. S.—The detailed contingent bill for May 1909 is dated 24th August 1909 though in the abstract contingent bill dated 30th June 1909 the usual certificate has been furnished.

3. The note printed at the top of the bill and the note on the reverse thereof are defective. In accordance with the note, as now printed, the Treasury Officer cannot object to pay abstract contingent bills presented between the 1st and 15th of any month though detailed bills for sums drawn during any of the preceding months may not have been sent. The words "it bears date subsequent to the 16th and" the note on the top of the bill will therefore be omitted in future, and the following substituted for the note on the reverse of the bill:—

"*Note.*—The following certificate must be signed in all cases. If the bill bears date within the 15th of the month, the word '*Current*' may be changed to 'last.' The Treasury Officer shall refuse to encash a bill unless the proper certificate is signed."

4. Due intimation will be given from time to time, to the Treasuries, of the offices which do not submit their detailed contingent bills in time, and the payment of further abstract contingent bills stopped till the detailed contingent bills are submitted.

5. Should the Head of an office, for any reason, anticipate delay in furnishing a detailed bill for any unusual or special charge, he will apply to this office for extension of time for submitting it when the Treasury will be duly apprised of the fact and instructed to pay the officer's abstract contingent bill up to a specified date on the production of a certificate modified in respect of the special items. Such cases, it need hardly be observed, will necessarily be few.

6. The Superintendent of the Government Press will be requested to make the alterations noted in para 3 *supra* when next printing the form of the abstract contingent bill. The Heads of Offices are requested meanwhile to see that the alterations are made in manuscript till new forms are supplied by the Press.

7. The Treasury Officer should see that the above instructions are strictly observed and that the certificate on the back of the bill is in the proper form as provided for in para 3 *supra*.

I have the honor to be,
Sir,
Your most obedient servant,

J. S. CHAKRAVARTI,
Comptroller.
